North Curl Curl SLSC Objectives

The objectives of the Club shall be to:

1. Study and practice methods of Life Saving;
2. Minimise the loss of life by applying effective lifesaving skills and beach patrol services;
3. Promote, demonstrate and arrange instruction in the principles that underlie the skills of surf lifesaving and to generally further the best interests of Life Saving;
4. Assist the Council's Professional Lifeguard in his/her duty and by, via the Club's beach patrols, render all appropriate assistance to those in distress;
5. Encourage and promote the physical and social welfare of its members;
6. Promote a professional and friendly image and act in a courteous and professional manner at all times;
7. Develop and educate Junior Activities Members in the skills of surf lifesaving and to promote their progression and integration to the senior ranks of the Club;
8. Support the Board in its actions in promoting the Club and surf lifesaving.

| | Director Member Services | 4 | 7 |
| | *Director of Youth | 6 | 1 |

Director of Admin appointed November 2018

Director of Youth appointed December 2018

CLUB ADMINISTRATION

Mick Crews

**DIRECTOR OF
ADMINISTRATION**

“What a great season for North Curl Curl Surf Life Saving Club across every field”

What a great season for North Curl Curl Surf Life Saving Club across every field. Everyone involved should be proud of what we have achieved. Upon reading all the Directors Reports it is apparent that not only have we just completed a successful season, but the years ahead are full of more promise and great potential.

I would particularly like to thank all our patrolling members for giving up their time for our community. Let's face it, without our patrols our entire club collapses. Special mention goes to Alex Wye (Wiz) for his outstanding dedication and organization, no stone goes unturned. He is well assisted by our Patrol Captains, whose leadership ensures the public are well protected whenever the red and yellows are flying.

Through the Surf Life Saving movement most of us have successfully completed our Bronze Medallions or similar qualifications. At North Curl we have a very dedicated team of trainers led by Natasha Spencer. These qualifications are useful in our daily lives and you never know when you may need them. This was evident when one of our members, Matt Savage, was involved in the rescue and resuscitation of a young girl from the water at Narrabeen Lakes. Using techniques learned at our Club Matt applied CPR which ultimately saved the life of this young girl.

Matt Savage has since won the Northern Beaches 'Rescue of the Month' and 'Rescue of the Year'. He is now in the running for SLSNSW 'Rescue of the Year'. Congratulations Matt and everyone involved in our Training Team.

I would also like to congratulate all our competitors and coaches. This year we excelled in the water and on the beach with our Nippers winning Branch and coming 6th at State. Well done Team. A special thank you goes out to the parents who assisted with everything from Carnival entries, Officials, Water Safety, Coaching and Age managers. I encourage more parents to get involved in some way as it is a source of great satisfaction. If you're unsure how to help, ask any Coach or Age Manager and they will point you in the right direction.

Many of these competitive kids are now progressing into Seniors and volunteering for their first patrol so the tradition continues.

Another mostly unheralded function our Club performs is the Ripper Nippers program. Glenn Slater is instrumental in running this program which encourages special needs kids to participate in Nippers. I have seen for myself the enjoyment these kids get from paddling boards and beach events. Glenn has also organised a number of the competitive kids to come and assist which has been great for both. I am incredibly proud of Glenn and the Club for conducting this program.

CLUB ADMINISTRATION

Before I started this portfolio I had no idea how much work there is behind the scenes to keep a Surf Club in operation. There are so many selfless people involved who devote their time and they really do care. There are many people that I would like to thank and acknowledge under the administration portfolio for the significant contributions they made to the Nth Curl Curl last season.

Lucy Russell is not only a valued patrol member but she is also our Club Assistant and maintains all the Club paperwork and social media. She has been a vital cog behind the scenes taking a lot of pressure off the Board. Kate Kelly was the Club Registrar again and did an outstanding job both behind the scenes and at Registration Day. Kate and Lucy do their particular roles so well you don't realise they are there until something goes wrong and then they step in and fix it for you! Awesome job and thanks to you both.

Special thanks to our fabulous uniform volunteers Victoria Howell, Ann Barlow, Kate Jeffrey and their families. This is a massive role with great responsibilities. Our Nippers and competitors are well identified and always look professional. Last year our State Nippers Team looked fantastic in their State Kit and next season Kate is including the Seniors Team as well.

Dave Quinn and Chris Sparkes have excelled themselves this season with the Club entertainment. Not only has the NCC tradition of 'Bottles' continued every Friday and Sunday nights but we have also had live music with some terrific local bands. These young bands are getting experience and exposure whilst we get to enjoy their music in a family friendly atmosphere, everybody wins.

Other successful fundraisers have been Jelly Bean Jam, our annual '3 Points' event, the Hydrothon and others. These events require significant planning and contribution from our Club Members and raise much needed funds for the Club. Well done to everyone who helped especially Glenn Slater, David Wymer and their awesome young team members Amelia, Maddy, Rebecca, Lewis, Dylan, Isaac and many others who assisted and competed in all events.

A very special addition to our membership this year has been baby Huey. Huey is the new son of our Caretakers Peta Fairlie and George Lewis. Congratulations Peta and George and thank you for helping me out this season.

Other not so cute but valuable additions to our club include a new ATV, new Patrol Trailer and another IRB. These vital assets can be costly and we greatly appreciate our fantastic sponsor Bendigo Bank for the trailer.

Within the Board we have a number of first timers including Natasha Spencer in Education, Julia Higgs in Junior Activities, Warren 'Hodgie' Hodge in Nippers and myself. As stated earlier I am continually impressed by the dedication and time these people devote to the Club. Regardless of the position I hold at North Curlly I always consider myself fortunate to be able to work with such amazing people.

I would like to single out the efforts of Andrew Stuart. Andrew is involved in every facet of our Club and he continues to amaze me with his energy to help everyone. Not only that, he also won an Aussie Gold Medal! Well done Andrew. Recently we installed new storage wardrobes within the clubhouse. Thanks so much to Tony Williams and Andrew Stuart for their skillful assistance in this construction.

Finally I would like to recognize the incredible job performed by our Club President David Wymer. Dave's passion and dedication to this Club is second to none. The hours spent behind the scenes are equivalent of a full time job and he has given me great assistance this year. Thanks for your patience Dave.

PRESIDENT'S report

David Wymer

PRESIDENT

“The 2nd year as President has been bigger and better than I had hoped for ”

It is with immense pleasure that I present my 2nd Annual Report for the 18/19 surf season on behalf of North Curl Curl SLSC. I must thank our Club Directors & Management teams for their dedicated voluntary hours throughout the season.

The positive direction in Patrols, Training and Education, Competition, Finance and Administration will ensure we have set the club up for future sustainable success in Surf Life Saving and support of the local community.

With another season of volunteer Beach Patrols completed & keeping our club breach free, along with no lives lost whilst the red & yellow flags were flying is very satisfying, it's an opportune time to reinforce the most important responsibility we have here at North Curl Curl. This is to patrol our beach with quality rostered numbers during the season, and to ensure that it is a safe environment for all that visit so they get to go home to their families along with our voluntary members. On behalf of club's Board of Directors I would like to thank all our members that performed beach patrols this season & for continuing to uphold the standards of the Aussie Surf Life Saver through some difficult conditions & busy periods on the beach. To our Patrol Captains, Vice-Captains, IRB crews and all water safety personnel I thank you for your dedicated service.

Our Education and Training team lead by Natasha Spencer have done a wonderful job this season, putting many members through an enormous range of courses. This is an important pillar within our Surf Club and one that we must continually work at to maintain the quality of patrols we currently have and pride ourselves on. I look forward to seeing more members upskilling their qualifications next season. It goes without saying that the training & education that our members receive is responsible for the skills that they possess. This is a monumental but important task, so many thanks to our Chief Training Officers, Natasha plus all the trainers who assisted in educating our members. Without your dedication our core activity of lifesaving would be hard to achieve & I thank you all for your ongoing efforts.

Our Club Sponsors and supporters are an integral part of our club and have continued to provide much needed financial support towards the ongoing operation of our facilities & services so please try to support them where possible.

The relationship with Northern Beaches Council has again been very productive & supportive over the past year on behalf of the club I would like to formally thank Mayor Michael Regan who has been highly supportive in all our activities especially the Patrol Captains leadership day and the redevelopment of our western BBQ area.

Our Junior Activities group continues to flourish and is playing an enormous role in the future development of our club. I congratulate Warren Hodge and Madeline Keene & their excellent team for the dedicated work they have performed this season in continuing to provide fun activities that teach our kids surf skills, surf safety & team work. We have an incredible group of mums and dads who act as Age Managers, Water Safety plus IRB Drivers, IRB Crew & Officials throughout the season we could not deliver our Junior Activities program without their support. "Thank you for your efforts", it is not always easy, but very rewarding. Lastly to the Nipper kids, thanks for turning up, having a go wearing the GREEN & GOLD of North Curl Curl with such pride. Our solid results in attracting new members, retention & encouraging our Nippers to continue into the Youth section has been sensational, resulting in a 6th place at the NSW Championships. Great to see the future life savers of North Curl Curl being successful so young in life.

PRESIDENT'S report

Competition in our club continues to flourish over the many associated disciplines. It is important that our club promotes all the different competition categories to our membership, and I congratulate those who wore the mighty Green & Gold cap. To our Surf Sports Director Glenn Slater, I must congratulate you on your leadership & outstanding work ethic over the season, this is a testament to your dedication and commitment helping the club competitors continued success in the Surf Sports arena. It was great to see 3 Female R&R teams represent the club this year at State.

Our club continues to be in a healthy position financially thanks to Simon Prowse for keeping a watchful eye over the finances. All the arduous work by members over, Sunday Bar Sessions, Functions & Fundraising events build up the funds, so the club management team & sub committees can plan and continue to provide the best services and facilities possible of the members and the local community

Our Directors of members services David Quinn and Chris Sparks keep raising the bar providing quality entertainment each Sunday over the summer months & have been well supported by our local community & members. Our golf enthusiasts will once again attack the Long Reef golf club without much success due to the constant verbal barrage & loose ball striking generally caused by the social beers. Another well run event that raises plenty of money thanks to Chris, Dave and crew. We hosted 2 additional social functions the first was the "Welcome to the beach" Nipper parent get together was a massive success in addition to the "Back to the 80's" fundraiser both were massive successes and raised some much needed funds for the club while being enjoyable and fun for all that attended.

It was a challenging year for me but one that has also helped me grow a lot as a leader & learn a lot as a club mate and person. I must thank my wife Alex (even though she rows for Dee Why) for her enduring support & patience along with the guidance of past presidents Dave Murry and Stuart Wye for providing support and guidance when dealing with some difficult issues. To the Club Board & Management team I value all your efforts and time spent in developing the club, you are the backbone of what is making our club one of the greatest in Australia.

To all members and local community thank you for your support over the season of 2018/19 I am looking forward to the 2019/2020 season

SURF LIFESAVING

Alex Wye

**DIRECTOR OF
SURF LIFESAVING**

May I please take this opportunity to express sincere gratitude to all of the patrol members at North Curl

"It is not the mountain we conquer but ourselves".

This famous quote from Sir Edmund Hillary, the first person to climb Mount Everest (the highest mountain in the world), is not just a wonderful motivational statement for life in general, but without doubt can be equally as well applied when referring to an individual's surf lifesaving service in one's local community.

Whilst it is definitely advantageous to have strong surf rescue and land lifesaving skills, it is my honest opinion that it is actually one's attitude and commitment towards surf lifesaving, coupled with unwavering perseverance and appropriate self-belief, that certainly are the major contributing factors towards becoming a competent and respected voluntary surf lifesaver.

With these thoughts in mind, it is absolutely marvellous to have so many dedicated adult and teenage club members within our surf club's patrolling ranks. As has been mentioned in my previous Annual DSL (or Club Captain) Reports, these conscientious folk are without doubt the "heartbeat" of our club's surf lifesaving endeavours. Indeed, most of them derive no personal gain from their voluntary patrol service, except that knowledge that they are giving back to their local community.

Therefore, may I please take this opportunity to express sincere gratitude to all of the patrol members at North Curl S.L.S.C. for their continuing "vigilance and service". Along with the outstanding example of exemplary community service provided for me by my late mother, Isabella Jessie Wye MBE OAM, it is without question our surf club's rostered patrolling members (most of whom have to juggle their patrol service with family and/or work and/or school and other sporting commitments) that are constantly my source of inspiration and motivation in the role that I need to perform for our surf club.

Throughout the 2018/2019 season all fourteen patrol teams operated in a highly commendable manner and my heartfelt thanks go to Patrol Captains (in patrol team numerical order) Matt O'Connor, Ross Tillman, Ross Lentell, Michael Jones, Simon Spicer, David Young, Greg Stretton, Jamie Howieson, Leanne Irvine, Alan Pictor, Ben Dreghorn, Alex (Wiz) Wye, Sarah Wanden and Duncan Grady for their roles in the organisation and leadership of their respective patrol teams.

Special thanks go to Club Vice-Captains, Carmel Howard (who is also Club First Aid Officer) and to Greg Stretton (who is also Club ATV Co-ordinator), as well as to our club's IRB Captain, Matt O'Connor and Radio Officer, Sarah Wanden for the first class efforts they produced in their respective roles.

North Curl S.L.S.C. completed the 2018/2019 surf patrol season with 188 patrol members spread across its fourteen patrol teams and 12 reserve patrol team members. Of these 188 rostered patrolling members, 145 were Bronze Medallion qualified, 39 were Surf Rescue Certificate holders and four were Award Member personnel, with 110 of our patrol team members being males and 78 being females. Amongst all patrol members, our surf club had 28 with the Silver Medallion Beach Management (or Patrol Captains' status) award, 35 IRB Drivers, 63 IRB Crew people, 61 Provide Advanced Resuscitation Certificate holders, 27 Spinal Management Certificate members, 110 Provide First Aid Certificate personnel and 59 registered ATV Drivers.

From the surf lifesaving perspective, my sincere thanks go to Natasha Spencer, Director of Education and her entire education training team for their superb efforts in ensuring that our patrol team members were so well qualified. Special accolades must go to Phil Godbee, leader of the Bronze Medallion training team and to Steven "Spider" Atkins who facilitated and co-ordinated all our surf club's IRB Driver and IRB Crew training.

Additional thanks go to Maryanne Troop and Gary Beauchamp from First Aid Plus for having once again facilitating the majority of the 110 patrol first aid awards, as well as for so promptly providing the various patrol first aid supplies, as required.

One of the finest achievements by our club during the recently completed 2018/2019 surf patrol season was that 89 out of our 188 rostered patrolling members were 100% patrol efficient. Mathematically this accounts for just over 47% of our patrol members and for a world in which most people are "time poor" with other life commitments, this is a most satisfactory outcome. This statistic is especially more impressive when one considers that 100% patrol efficiency is only gained if one either attends all of one's rostered patrol sessions during the entire season or finds a substitute, when unavailable and makes up those missed hours at some other stage during the season. Therefore, this means that a patrol member needs to have started the season on his/her patrol team and our surf club had 36 new patrol recruits (nearly all from the Bronze Medallion and Surf Rescue Certificate squads) join their respective patrol teams during the course of the season. Effectively, 89 patrol personnel being 100% patrol efficient out of 152 (or nearly 60%) is an even better statistic to behold.

Congratulations go to all 100% patrol efficient members whose names can be read in the lists, along with the names of the major patrol award recipients, at the end of this Annual DSL Report. Hopefully this fine 100% patrol attendance record can not only be emulated, but improved upon, in the seasons to follow.

Moving on now to the major patrol award winners for this past season, it gives me great pleasure to advise that for the first time ever our surf club has decided to allocate separate awards for both the Best Junior Female and the Best Junior Male Patrol Members (or Best Male and Female Junior Surf Lifesavers).

My heartfelt thanks go to our surf club's Board of Directors for agreeing to this initiative that was proposed by me at a recent BOD Meeting, with the inaugural winners being Sophie Douneen (on Patrol No. 4) and Greg Gurtata (on Patrol No. 5). During this past season, Sophie accumulated 89 patrol hours, which was almost three times the average done by other patrol members and Greg was an outstanding example to other young patrol members of the importance of patrolling both in the surf and at the water's edge. Our congratulations go to both Sophie and Greg, as they have both been excellent young ambassadors for surf lifesaving.

In his first season as a Patrol Captain, Simon Spicer did a really superb job in both the organisation and management of his patrol team, Patrol No. 5. In fact, so good were his leadership skills that one could have been led into believing that Simon had been doing this role for many seasons. Therefore, there was no hesitation in giving Simon the award for the Best Patrol Captain for the season and congratulations go to him.

The Mark Watson Memorial Award is the highly prestigious award given to the Best Patrol Person and for the 2018/2019 surf patrol season this honour has been bestowed upon David Irvine (on Patrol No. 9) and Justine Hayward-Smith (on Patrol No. 14).

Both David and Justine were so pro-active during their respective patrol sessions and I had so much admiration for the outstanding contributions that they both made whilst on patrol duties. At all times, they were both acutely aware of what was occurring around them, particularly in the water and then taking the necessary steps to remedy any potential problem, with the safety and well-being of the general public paramount in their minds. Thank you, David and Justine and congratulations go to you.

The final major patrol award was for the Best Patrol Team and this was won by the highly efficient Patrol No. 9. Of all the major patrol awards to be decided, this one was by far the most difficult to make, as all patrol teams performed with admirable efficiency.

This time around, more objectivity was put into this decision and with excellent overall beach and water patrol supervision, coupled with eight of its nine Bronze Medallion holders being 100% patrol efficient, Patrol No. 9 received the ultimate accolade as being the Best Patrol Team for the 2018/2019 season. Special congratulations go to Patrol No. 9, which was so capably led by its Patrol Captain, Leanne Irvine.

SURF LIFESAVING

One of my deep passions and main objectives in surf lifesaving is the promotion of our surf club's youth. During my career working life, initially as a school teacher and especially later on as a Sport and Recreation facilitator, I often witnessed what young people can really achieve, if they are given the opportunity to do so.

No better example of this understanding has been provided for me during my lifetime than what has been accomplished by members of my own immediate family. At just 16 years of age (back in 1938), my mother, Isa, became the youngest ever Honorary Secretary of the Dee Why L.A.S.C. (truly a trail blazing endeavour at that time by a young lady) and then, in 1975, at just 19 years of age, my brother, Stuart, became Club Captain of our surf club, North Curl Curl S.L.S.C. Both went on to become Club Presidents and Life Members of their respective clubs, as well as fulfilling various other club roles. Therefore, with these fine examples and other life experiences in mind, I would like to join other members of our surf club in endeavouring to promote more of our club's young Bronze Medallion teenage members into various leadership positions, commencing with the all important Patrol Vice-Captaincy role. Then, possibly a few years later, a couple of them might readily fill the position of a Patrol Captain and (who knows) maybe one might even become a young, progressive DSL or Club Captain.

Whilst on the subject of progressive lines of action, our surf club conducted a Patrol Leadership Program at the start of last season. This program was extremely well facilitated by Saul Brown and Marcus Crow, with both the Mayor and Clinton Rose (Lifeguard Supervisor) being in attendance. This program was aimed at developing both leadership and engagement skills in our club's Patrol Captains and Patrol Vice-Captains and hopefully similar initiatives to this one can be organised in the seasons to come.

Stepping back into the Director of Surf Lifesaving (Club Captain) position during this past 2018/2019 season has been extremely enjoyable, as well as most fulfilling for me and I am extremely grateful to the members of North Curl Curl S.L.S.C. for having been given this second opportunity to volunteer in this capacity.

Also, I would most sincerely like to thank my brother, Stuart, for his ongoing support of me with respect to numerous surf club related matters, the Board Members for their collective assistance afforded to me during the past season and once again all of our surf club's patrolling members for their first class contributions during last season.

Finally, I am eagerly looking forward to the forthcoming 2019/2020 surf patrol season and if it is the wish of our surf club's members, I would very much like to continue in my current role during that new season.

Alex Wye

Director of Surf Lifesaving

EDUCATION

Natasha Spencer

DIRECTOR OF EDUCATION

“I felt privileged to be invited on the board of such a wonderful surf club on the Northern Beaches.”

For 2018-19, this was my first season as Director of Education at North Curl Curl SLSC and as such I felt privileged to be invited on the board of such a wonderful surf club on the Northern Beaches.

My family and I have been involved in many capacities for the past 11 years with the surf club initially as nipper parents, to volunteering on committees, officiating and attending carnivals, through to personally obtaining my bronze medallion together with patrolling and becoming a trainer for North Curl Curl SLSC.

It has been a journey and I thank the surf club community for the support they have shown me along the way.

Stepping into the shoes of Director of Education and chief training officer holds many responsibilities that I don't take lightly, and it has been a very busy year to say the least for the Education team.

Firstly I must thank my team of very enthusiastic and dedicated trainers, assessors and facilitators that have supported and encouraged me in particular Clare Hagon our Deputy Director of Education, Philip Godbee, Steven Atkins, Alexander Wye, David Jones, Michael Jones and our newest members to the team including Anna Silva, Sarah Wanden and Sam Heaton. Thanks to all trainers that have helped in some capacity as well over the season including Kaitlyn Smith, Ben Hickey and Ray Merton along with Greg Stretton assisting with SSV training and the many IRB drivers that assisted with the IRB training throughout the season as well.

A special mention must go to Philip Godbee who has decided after this season to step down as chief bronze trainer to pursue other priorities in life. He began as a trainer in 2006 which lead him into the role as chief bronze trainer in 2008. From there he quickly became an assessor for the club. He has guided the bronze team with at least 2 squads per year training in excess of 600 candidates since 2008. What an achievement Philip and we

thank you for all your time and devotion you have given to the club. We look forward to still seeing you around and assisting us with your expertise as I know you will.

Another notable mention who I am proud to announce is Steven “Spider” Atkins which I am proud to announce was deservedly awarded the prestigious Branch Honours award for Outstanding Service at the Sydney Northern Beaches branch awards ceremony in June. Steven has dedicated over 49 years of active service to the branch from patrolling member, to state and national competitor and champion, Club President, Treasurer, Branch Delegate, Club Captain to name a few hats he has worn to now one of our well-loved trainers and assessors at North Curl Curl. Congratulations Steven on this amazing achievement and you have made North Curl Curl SLSC proud to have you as our member.

This season we were able to continue to offer many courses as in past seasons including in house training of the Bronze Medallion, Surf Rescue Certificate, IRB crew and IRB driver along with SSV - Side by Side Vehicle (previously known as ATV).

We continued to provide access for members to increase their awards and offered Provide First aid, along with Advance Resuscitation offered on site by external facilitators. We were also able to extend offerings to branch run courses including Silver Medallion Beach Management and Aquatic Rescue and Spinal Management.

EDUCATION

Our team facilitated 2 bronze medallion courses this season along with 2 surf rescue certificate courses with the latter of both being a combined squad where we trialled utilizing our team resources effectively to co train all participants and sharing as a team our strengths across the board whether it be water skills, radio or CPR and giving our best to all our candidates.

I am pleased to advise that overall the numbers of awardees were exceptionally high and pleased to report the following results of new awards attained this season to include the following. Full list of recipients at end of report: -

- Silver Medallion Aquatic Rescue - 1
- Silver Medallion Beach Management - 4
- Surf Rescue Certificate - 29
- Bronze Medallion - 32
- IRB crew - 11
- Silver Medallion IRB driver - 8
- Training Officer Bronze medallion - 2
- Probationary Training officer - 2
- Spinal Management - 7
- Advance Resuscitation - 10
- Provide First Aid - 51 (including renewals)
- SSV Operator Induction - 21
- ASC officiating principles - 20
- Development Coach - 11

Thanks go to Maryanne Troop and Gary Beauchamp from First Aid plus for their in-house training of the Provide first aid to our new bronze and SRC candidates along with our renewing patrol members.

With "fresh eyes" I took on the role of Director of Education and wanted to introduce new innovations, ideas and build on existing trialled and tested methods.

One initiative was to streamline processes and making information on awards more accessible particularly electronically through our club website. The club website has been updated to include most awards on offer along with their course outlines and prerequisites required .

In addition to this a link to a booking engine to "click and book" or "express interest" to attend a course. This strategy has been successful and uptake positive. Thank you to Lucy Russell our administrator with her assistance in making this information accessible on our club website.

EDUCATION

Proficiencies (Skills Maintenance) are a long and arduous role of the education team and there are many hours that are spent to ensure that our patrolling members are proficient, well-educated and are ready to start the new patrolling season with the same confidence they do each year. Important reasons skills maintenance is undertaken is to ensure public safety, member safety and we as lifesavers are proactive in prevention of incidents on the beach.

Each year our trainers must go through annual training and receive the most current updates on lifesaving, and it is our job as trainers, assessors and facilitators to educate our club members of changes that have occurred for the new season ahead and new processes along the way. We also regard proficiencies as an opportunity to refresh skills and at the same time we are ensuring our lifesavers are ready to act should the need arise. Annual refresher training ensures that our lifesavers are ready equipped with skills, knowledge and experience along with training both in the water and on the beach to safely patrol our beaches each season. More awards and training require online components (known as E Learning) and the training team has assisted me throughout this season in ensuring that we are following the E Learning guidelines with all our courses we have undertaken.

The E Learning modules are now expected to be completed for all new awards and we expect modules to be incorporated into the Proficiencies (Skills maintenance) next season.

Thank you must go to Alex Wye, Director of Lifesaving who has worked tirelessly throughout the season to ensure we have candidates for our courses and encouraged patrolling members to attain new awards.

This season we reintroduced the use of the IRB rescue dummy which proved to be useful in training (and thank you to Gary Beauchamp for loan of this). Due to the success, the club will look to obtaining a permanent one for club in season ahead. It lowered risks for less experienced drivers and provided standardized weight making training more efficient and safer for all. Blended learning is the now being encouraged which utilizes a variety of techniques in training including face to face, online modules, practical, videos, quiz apps etc. which all assist in the engagement and experience of learning for participants. An example of this this season with our SRC groups, we trialled Kahoots as a new online tool to use in our training methods.

Our Board strategy day in May was successful and from this I am feeling confident our entire board has a single vision of making our club the best it can be now and into the future. From an Education perspective, my priorities for the season ahead will include streamlining proficiencies, engage more members in Education and get involvement in our training team to increase our capabilities. In addition to this I would like to see more members achieve higher awards such as Silver medallion Beach management, Silver Medallion aquatic rescue and Gold medallion. We are looking towards running a Gold medallion course next season which is exciting news for those who wish to attain their lifeguard status. Achieving these priorities will obviously won't be without challenges and blockages but with the right direction and motivation I feel confident they can be realized.

Finally thank you to our President David Wymer and the North Curl Curl S.L.S.C. Board for welcoming me to the team and encouraging me on this, my first season as Director of Education at North Curl Curl SLSC.

Natasha Spencer
Director of Education

JUNIOR ACTIVITIES

Warren Hodge

DIRECTOR OF JUNIOR ACTIVITIES

“Nippers on a Sunday is all about fun ”

This season we made it very clear that the most important thing about Nippers on a Sunday is having fun and I believe that mission was accomplished. From a competitive perspective, it can hardly get any better – although our outstanding coaching team is aiming for it. Yellow and green squads; beach and water trained diligently and each individual improved and are better people (and athletes) for their efforts. We won branch!!!! There were great individual as well as team achievements.

Nipper Numbers

Some things to note:

- Just 52.3% of this year's Nippers returned from last year
- About a third (34.2%) of Nippers were in the Mighty 67s
- When you add in the U8s, it's about a half (48.5%) in the youngest three age groups
- Our 594 Nippers (up from 563 last year) from 410 families

We continued to do important things in a great fashion:

| Age Group | Girls | Boys | Total |
|-----------|-------|------|-------|
| Under 6 | 46 | 52 | 89 |
| Under 7 | 49 | 56 | 105 |
| Under 8 | 50 | 35 | 85 |
| Under 9 | 32 | 59 | 90 |
| Under 10 | 29 | 39 | 68 |
| Under 11 | 19 | 26 | 45 |
| Under 12 | 27 | 18 | 45 |
| Under 13 | 15 | 16 | 31 |
| Under 14 | 16 | 19 | 25 |
| Totals | 283 | 311 | 594 |

We tried hard to get and listen to feedback and as part of proactively seeking ideas/issues we conducted formal surveys pre season and at the end. We did our best to act on all the information we could get and have identified things to improve moving ahead.

- Pre season camp. This year's was better than ever
- Water Safety – with big thanks to the navy of volunteers led by Simon Davis and Chris Sparkes for Sunday sessions and the many mostly parents for carnivals
- Registration and admin – despite having to work with challenging systems, our registrar Kate Kelly did an amazing job with tremendous support from Lucy Russell and Madi Keene during the year.
- Helen Crews and crew completed the carnival admin and Andrew Stuart remains the mightiest of resources powering so much in the background.
- Coaching and training. We have the best on the northern beaches and arguably much of the NSW coast.

We tried some new things:

- We purchased boogie boards for the Mighty 67s to have some fun on waves - that's a keeper
- We ran a “Welcome to Summer Party” – massive success and set to be a calendar regular
- A monthly newsletter, “Hodgie's Bits”. This or similar needs to continue to enable communicating about the club.
- Hardly new, but we cooked a few sausages after Nippers with the aim of connecting families and Nippers many of whom tend to stay in their school groups
- The “choose your own adventure” day when Nippers could select what activities they wanted and “Nippers v Nappers” were both great ideas, poorly executed. Worth revisiting with adaptations after some learnings.

JUNIOR ACTIVITIES

Already have some things planned to improve for next year

- We feel we can do a much better job of welcoming new families and with so many new Nippers each year, it's important to manage expectations. e.g. Mums and Dads are expected to contribute
- We can get the rego process and early season information sharing much better – and mostly online
- Make sure all who may want to take up the opportunity to attend a carnival to represent our club and enjoy an historic surf club tradition
- Communication is complex and needs to be simple. There are lots of ways Nippers and their families can get involved and benefit more from their club membership and we need to make that easy
- We need to make sure that we balance the focus of water and beach activities
- We plan to skill up a large number of helpers to learn how to marshal, start and judge events at Sunday Nippers
- In 2018-9 there were a very few who did a lot and we already have a committee nominated for the upcoming season. Get onboard!

At the centre of Nippers is ... Nippers! and we have a great bunch. We do a good job of recognising and celebrating participation and achievement and this year, we added a Nippers' Nipper Award selected by the Nippers themselves for a great club person in their group.

While I may have been the face of junior activities, the brains and busy hands belong to others. In my first year in a formal role with a surf club I had and still have so much to learn. I'm not sure if I should thank Andrew Stuart for persuading me to take up the role but I definitely need to acknowledge and thank him for always being my support and guide through some uncharted waters. Madi Keene is a very deserving recipient of the Club's Honour Blazer for the most outstanding club member. Thanks Mads!

There are two birds on our club logo which formally don't represent anything. The birds fly in formation and I like to think one represents the club's goal of saving lives and the other how NCCSLSC enriches lives and the community. Saving and enriching - and long may it continue.

Warren Hodge

Director of Junior Activities

SURF SPORTS

Glenn Slater

DIRECTOR OF SURF SPORTS

“A fantastic effort by all competitors, coaches, parents and officials involved with North Curl this season”

I am proud to report that the North Curl Surf Sports team, managed a highly credible 4th position (out of 21 clubs) in the combined Northern Beaches Surf Lifesaving championships. Thanks to the outstanding efforts of our Nippers team who finished 1st (Manly LSC has not lost the pointscore in the past 20 years) , Opens competitors 5th (moving up 3 places from last season) and Masters 8th (dropping 1 position from last season).

We finished behind powerhouses Manly, Newport and then Freshwater who only beat us by 5 points.

For the second year in a row our Nippers Surf Sports team came a fantastic 6th place in the NSW State Championships.....only 25 points away from victory!

NSW State Nipper Championships - Club Pointscore

1. Cooks Hill SLSC 173
2. Newport SLSC 170
3. Coogee SLSC (NSW) 168
4. Swansea Belmont SLSC 159
5. South Maroubra SLSC 153
- 6. North Curl Surf SLSC 148**
7. Wanda SLSC Inc 139
8. Elouera SLSC 124
9. North Bondi SLSC 116
10. Cronulla SLSC 103

What was so pleasing about this result was that we showed individual and team strength in the water, winning or medalling 4 out of 5 Cameron Relays, our beach team achieved a number of finals and for the first time in many years we fielded 2 teams in the U12/ U13 Female 2-person R&R finishing 5th (Hannah Hodge & Anna Pardoen) and 6th (Emily Guberina & Macy Slater) in the final respectively.

Not every Nipper is comfortable in the water, that's why we are making a concerted effort to encourage more members to join our beach team and our Rescue & Resuscitation (R&R) teams.

Our Nippers program provides a continual pipeline of “surf educated & capable” junior surf life savers with an increasing number eventually becoming fully-fledged surf life savers patrolling North Curl beach.

If it wasn't for the Board of Directors strategic decision to continue to invest in our Nippers Surf Sports Program by funding some of the best Coaches in NSW, our club would not be in the position it is today – a club that continues to mix it with the best in the state and a club with a tremendous family culture and spirit.....a club where everybody is a somebody!

My focus, as it has been for several years now, is to successfully transition our junior members into the senior patrolling and competition ranks, which if done right will ensure our Club's long-term membership sustainability. We are achieving success in this area with in excess of 20, U14's members set to progress through to Seniors this season.

I must call out Hodgie, Madi and the whole Junior Activities committee for the outstanding way they have led the overall Sunday Nippers program this past season, they have made massive steps forward it's a pleasure to work with this team.

SURF SPORTS

The Season in Review

Pool Rescue

Amelia Wegenaar started the Pool Rescue season off with a bang at the NSW Pool Rescue championships claiming the following results and earning selection in the State Pool Rescue team representing NSW at the Australian Pool Rescue Championships

- Women 14 Year Olds 100 LC Meter U15 Manikin Tow Youth
- 2nd Wegenaar, Amelia 14 North Curl Curl SLSC 1
- Women 14 Year Olds 100 LC Meter U15 Manikin Carry wf Youth
- 2nd Wegenaar, Amelia 14 North Curl Curl SLSC
- Women 14 Year Olds 50 LC Meter U15 Freestyle
- 3rd Wegenaar, Amelia 14 North Curl Curl SLSC
- Women 14 Year Olds 50 LC Meter U15 Manikin
- 3rd Wegenaar, Amelia 14 North Curl Curl SLSC

Highlights included;

NSW State Championships – Pool Rescue Results

Australian Pool Rescue Champions – SA Aquatic

Amelia was a member of NSW's record breaking U15 Women's Relay teams

Development Camp – Blacksmiths

In September we again held our Club Development Camp held at Blacksmiths beach, Newcastle. We had over 110 people attend with 70 plus participants ranging from 9 years of age to u17's. Swansea Belmont SLSC were fantastic hosts.

The sun was shining although a little fresh, the team participated in a variety of skills sessions and at Catherine Hill Bay and Blacksmiths beach.

A lot of effort goes into the planning and execution of this event, special thanks to Patrice Clues and her team for organising all the food, (A massive thanks to all the parents who stepped in to make lunches and breakfasts) Andrew Stuart and David Jones, Also Coaches Michael Clues, Sean Davis, Glenn Coltman, Andrew Dennehy, Sophie McGovern and Jason

Elboz. Also a big thanks to Julia Higgs who delivered a fantastic session on preventative injury management and strength conditioning. And All the Water Safety Mums and Dads who kept everybody including themselves safe.

Very positive feedback was received from participants and parents no doubt we can still improve this format and tweak again for next year.

SURF SPORTS

Interbranch Team Representatives

The following club members represented North Curl Curl with distinction at the 2018 Interbranch championships held at Blackhead Beach on the lower North Coast Branch, helping Sydney Northern Beaches win back to back Interbranch Titles;

U12

- Sam Higgs
- Olivia Clues
- Dominique Melbourn

U13

- Georgie Prowse

U15

- Isaac Crews

U17

- Maddy Wallace

Opens

- Sophie McGovern

Surf Boats

Our two most consistent crews were the U19 Donkeys, swept by David Wymer and consisting of Sean, Max, Corey and Dylan and Team Honza swept by Roger Harris, including Truzzy, Mark A, and the Honza Twins. A big thanks as always to Howard Christie for always offering his coaching and sweeping experience to help our crews.

Sydney Northern Beaches Branch Championship Results – Palm Beach

Led by our Nippers, North Curl Curl finished a very credible 4th out of the 21 based peninsula clubs behind the powerful Newport, Manly and Freshwater Clubs.

Our Nippers team was outstanding finishing a 1st in the Junior Point score.

Led by our strong core group of U17 Girls (Charli Brown, Amelia Wegenaar, Maddy Wallace & Rebecca Harvey) supported by Keely in U19's our Opens team finished 5th (improving from 8th) and our even smaller Master's team of 6 competitors finished 8th.

Charli Brown created history being the first ever swimmer, male or female from NCC SLSC to win an Open Branch Swim title and she backed this up by also winning U17 Female and Iron Person.

Our U19 and U17 Men's (Lewis, Mitch, Oscar and Harry) combined for some good results in the U19 Board and Taplin relays.....

I was really proud of our U15 Girls led by Abi Milner, Maya Morris, Tara, Talia, Gabby and Hanneke Wegenaar (our 2km run specialist). They had a crack at every event possible and were right in the mix in the board relays and Cameron

What about our U14/15 Female 2 person R&R team? In their first ever branch competition Georgia Hayward Smith and Lila Warhurst won a bronze medal.

A massive thank you to Rhonda Lycett (Mona Vale SLSC) and Justine Hayward Smith for championing our R&R teams and devoting so many hours to coaching our kids.

SURF SPORTS

| Event | Result | Name |
|--------------------------|--------|---|
| Open Male Board Rescue | 3 | Harry Prowse / Mitchell Stuart |
| Open Female Surf | 1 | Charli Brown |
| Open Female Swim teams | 2 | Charli Brown/Amelia Wegenaar/Rebecca Harvey/Madeleine Wallace |
| U19 Male Board Relay | 2 | Harry Prowse/Luke Milner/Mitchell Stuart |
| U19 Female Swim | 3 | Keely Allsop |
| U19 Female Taplin | 3 | Keely Allsop/Charlie Brown/Madeleine Wallace |
| U19 Board | 2 | Keely Allsop |
| U19 Board Rescue | 2 | Keely Allsop/Charli Brown |
| U17 Female | 1 | Charli Brown |
| U17 Female Ironwoman | 1 | Charli Brown |
| U17 Female Swim teams | 3 | Charli Brown/Amelia Wegenaar/Rebecca Harvey/Madeleine Wallace |
| U17 Female Taplin | 3 | Amelia Wegenaar/Rebecca Harvey/Charlie Brown |
| U 15 Female Board Rescue | 2 | Tara Harvey/Talia Allsop |
| U15 2km Run | 1 | Hanneke Wegenaar |

State Titles – Masters and Opens - Blacksmiths Beach, Swansea Belmont

Opens

- 5th - U14/15 Female 2 person R&R – Georgia Hayward Smith and Lila Warhurst
- 6th - U17 Female Board Rescue – Charli Brown & Madeline Wallace
- Finalist in U15 Swim, Board and Iron - Isaac Crews

Masters

- 1st 55-59 – 2km Run – Andrew Stuart
- 3rd 55-59 Beach Sprint – Andrew Stuart
- 3rd 60-64 Beach Sprint – Steve Atkins
- 2nd 60-64 Beach Flags – Steve Atkins

Aussie Titles – North Burleigh Head and Broad Beach

A small but dedicated team of competitors represented NCCSLSC at Aussies 2018 held at North Burleigh and Broad Beach in the first week of April 2019.

We had 6 competitors contest the **Youth Championships:**

Georgia and Lila in R&R, Abigail Milner, Tara Harvey and Henneke Wegenaar in U14 /U15 Female and Isaac Crews in U15 Male events.

All represented NCC with distinction with highlights being:

- 4th - U14 Female 2km Run – Henneke Wegenaar
- 4th – U15 Male 2km Swim & Iron Man Finalist– Isaac Crews

Opens Championships

Again a small contingent making lots of finals in the U17's Female area – highlights being:

- 10th U19 Double Ski Final – Nicci Vesely and Amelia Wegenaar
- U17 Female Taplin Final – Nicci Vesely, Madeleine Wallace & Rebecca Harvey
- U17 Ski -Relay Final - Nicci Vesely, Amelia Wegenaar & Rebecca Harvey
- U17 Female Ski Final – Nicci Vesely
- U17 Female Board – Semi final – Rebecca Harvey

SURF SPORTS

The surf was huge at Broadbeach so the U17 events were all moved to North Kirra Beach much to the delight of our girls.

The U19 Boys Lewis Milner and Mitch Stuart joined forces with Michael Jones to contest the open Board and Ski Relays, copping a battering in the big waves. Highlights – Lewis's bomb wave in the U19 ski from the back of the ski cans and Mitch and Lewis combining to hold another massive wave in the U19 double ski.

Boat Crew Highlights

- Donkeys – U19 Boat Crew – quarter finalists
- Opens Men's Reserve Crew – 2nd round

Masters Highlights

- Andrew Stuart – 1st Men's – 55-59 2km Beach run

Glenn Slater

Director of Surf Sports

Annual Club Awards

This year the Whakatane Trophy for the "Most Outstanding Carnival Competitor" of the year award was shared by Henneke Wegenaar and Isaac Crews to recognise their outstanding achievements in the Australian Youth Titles

The Ian Fairlie Trophy awarded for the Most Outstanding Master's Competitors" of the year went to Andrew Stuart Highlights for Andrew included his victory in 55-59 Men's 2km run beach.

Sunday Events

On the second Sunday of every month we have been holding our Sunday Club races. This seemed to work well with an increase in numbers, a big thanks to Wiz for coordinating.

Patrol 10 ended up being the winner of the Sunday events point score and Nathan Johnston was awarded the "most consistent" Sunday competitor.

Many hands..... "Thanks"

It takes so many people to make a team and we are lucky at North Curl Curl to have a fantastic bunch of coaches, officials, IRB support, water-safety, first aiders and helpers.

A BIG THANKS to the following;

COACHES: Veronica Lowe, Sophie McGovern, Michael Clues, Andrew Dennehy, Sean Davis, Jason Elboz, Hayley Sparkes, Tony Williams, Glenn Coltman. Sweeps; Howard Christie, Roger Harris, David Wymer,

OFFICIALS: Louis Tassone, Clare Hagon, Jim Gagen, Julie Harvey, Andrew Stuart

IRB: Kurt Wegenaar, David Jones, Michael Jones, Justine Hayward Smith, Steve Atkins, Andrew Brodie

WATER SAFTY David Harvey, Simon Prowse

TRAILERS & TENTS: Clay Melbourne, Scott Bradley, David Jones, Andrew Stuart, David Wymer and Roger Harris

Apologies If I have missed anyone...we are lucky to have so many contributors!

None of our competitors could race at the championships without the assistance of those mentioned above.

All the activities outlined so far would not have been achieved without the tremendous support of the North Curl Curl SLSC Board of Directors and the Junior Activities Support.

MEMBER SERVICES

David Quinn

DIRECTOR OF MEMBER SERVICES

“Member Services
role was a
collaborative effort
this season”

The Member Services role was a collaborative effort this season, our motivation, to create an inclusive, welcoming environment for club members, friends and the local community.

To achieve this we were determined to provide a consistent quality of beverage offerings at the usual very reasonable club pricing. To this end, we have built a relationship with Steve and his team from Molly's Cradle Wines to supply all our wine, which we believe has been well received.

To complement the bar offerings, Aldo and his Bistro Team again provided their excellent quality meals, this beverage and food combination has formed a great platform to encourage return patronage.

Entertainment was another other key component in our strategy, we wanted to take greater advantage of the club's location and facilities, the location is world class and the club is an underutilised community facility. Our focus is to provide a platform for local artists, providing them the opportunity to perform in front of reasonable crowds in a relaxed atmosphere.

We have developed a relationship with Ben and Debra who run the Evergreen Music School in Brookvale. The Evergreen Collective (12 piece band) provided an awesome show during the season filling the club, and they backed up again with a 4 piece band putting on great show at the presentation night, plus we've been entertained by a number of local artists and are keen to grow this aspect of the club.

Member Services is a responsible for running the annual Golf Day, which along with the 3-Points is one of the clubs major fundraising events. This season's event, proudly sponsored by VIVID, was held at Long Reef GC. We managed to attract just shy of a full field, around 135 players, with everyone enjoying a great day out,

on the course with the Ambrose Event, followed by lunch, horse races, copious amount of refreshments and plenty of laughs.

Importantly, the day was a big success financially, details in the Treasurer's report, with all bags of cash accounted for from the various fundraising activities throughout the day.

The club is also finalising an upgrade to the liquor licence from restricted to full licence, which is exciting as it provides enormous potential for the club to expand in a number of areas.

We've learned plenty in our first season in the role and look forward to using those learnings to build on what we believe was a very successful first season.

David Quinn

Director Member Services

MARKETING & SPONSORSHIP

Louis Tassone

DIRECTOR OF MARKETING

“We are fortunate to have a core group of sponsors that continue to provide generous financial support”

North Curl Curl SLSC has been fortunate over a number of years now to have a core group of sponsors that continue to provide generous financial support to the club. And it is through their generosity and ongoing assistance that we as a club are able to continue to provide a valued service to the local community, be it the vigilant and dedicated surf lifesaving patrols that watch over our beach and the many visitors that it attracts, or the various programs we are engaged in to develop the next generation of surf lifesavers.

Freshwater Community Bank is one such sponsor. For more than 10 years now, this local business has been without doubt our most loyal partner. Their support of not only our club, but our neighbours at South Curl Curl SLSC and Freshwater SLSC, is a testament to their commitment to surf lifesaving in the local area. It is a shining example of how local businesses can partner with local organisations who have common goals in looking after the local community.

Sandra Kleiner and her team are no strangers to Surf Lifesaving, with many of them being involved in the movement at various levels. Sandra's daughter Monique is a patrolling member of our club and came through our Nippers program. David Irvine who is a director of the bank, is also a patrolling member of our club, and this year was voted the Best Patrol Person on his patrol and is a valued member of our patrol roster.

As a part of our partnership, continue to deliver Community CPR courses, along with South Curl Curl SLSC and Freshwater SLSC, we which are free to the public, and are supported and promoted by the Bank.

As a result of the financial assistance provided by Freshwater Community Bank, this year the club commissioned a new purpose-built equipment trailer which is used by our patrols to carry the various pieces of equipment and surf lifesaving gear

onto the beach for each patrol. This is a welcome addition to the club's array of patrol hardware and has been much appreciated by those that have to set up (and pack up) the beach every weekend of the patrol season.

We look forward to continuing our long-term partnership with the Freshwater Community Bank.

Dee Why RSL once again provided the club with significant financial support this year, through their Housie program. The RSL is another organisation that has a strong connection with surf lifesaving, supporting other local clubs and also the Sydney Northern Beaches Branch, who sport the Dee Why RSL logo on the duty cars that run the length of the northern beaches in support of the branch's 21 surf clubs. We look forward to the continued support of Graeme Liddell and his team.

It has been 5 years since the club first connected with the Nine Network as one of a small number of surf lifesaving clubs that they wanted to get involved with. Ever since then they have continued to provide great support to North Curl Curl SLSC, not only with financial support, but also sending their team down to North Curlly with various activations at club events such as the 3 Points Challenge and the Hydrathon. We look forward to continuing this partnership in the new year.

Scott Agnew has long ties with our surf club and was once on the board as the Director of Marketing. His late father Rob Agnew was a life member of the club, and the club president for some years. So as Managing Director of Vivid Property Services, it is probably no surprise that he has continued to be a major sponsor of the club through his company. Vivid Property Services initial support was as a naming rights sponsor of the 3 Points Challenge event for six years, but this has now changed to a sponsorship arrangement, which continues to provide the club tremendous benefit.

MARKETING & SPONSORSHIP

SpeedGas has assisted the club in various ways over the years, mainly with the supply of gases for our kitchen and bar. This year they increased their involvement by becoming full sponsors, so we have to thank Tim Brown and his team for their expanded support of the club.

Through a SLSSNB Branch initiated sponsorship arrangement, URM continued to provide the club with our waste management service. Every week URM take care of the removal of all the club's rubbish and recycling, as part of a deal that extends to all of the 21 branch surf lifesaving clubs. This eliminates a significant cost to the club which would otherwise have to pay for this regular service.

Our Nippers have continued to be well looked after by Shane Howison and Curl Curl Plumbing. As one area of the club where we have many programs and some significant costs, Curl Curl Plumbing's support has been very much appreciated over the past number of years.

Local orthodontist Ian Westmore has been another great support of the Nippers, and he once again was on board as a sponsor.

This year we saw a changing of the guards as far as the 3 Points Challenge & Ocean Swim was concerned, with True Protein coming onboard as the new naming rights sponsor for the event. As well as financial sponsorship, they provided significant investment in the event, including the supply of new swim buoys for the course, flags for livery on the beach, crew T-Shirts for the many volunteers that ran the event, as well as prizes for the competitors. With the expansion of this year's event to include the True Paddlers Challenge for stand-up paddle boarders, ocean skis racers and prone board paddlers, True Protein's support both in the lead up to the event and on the day ensured it was a success.

The 3 Points Challenge has been and continues to be the biggest fund raiser for the club, and this year was no different. Just to make running the event more of a challenge, as well as adding the True Paddlers Challenge, we ran the Cure Brain Cancer Quarter Mile Ocean Swim in support of this great cause, and then when done, also ran the Nippers Hydrothon. Glenn Slater and his event organising team had their work cut out to fit it all in, but once again with the support of 120 plus club members, the day was a great success. We also have to thank Fit4Dreams for their support of the 3 Points Challenge and Sportswell

for running the Hydrothon.

Our annual Gold Day was another great fund raiser for the club, and we have to thank a number of sponsors that supported the day, including Vivid Property Services and Coltman building services

Throughout the year we have had been very active with our social media platforms, providing everyone updates on all the events and achievements of the club and of its members, as well as delivering marketing messages for the various club events held throughout the season. This can be a very challenging task, given the amount of effort and activity in this space, and we must thank Lucy Russell, who has been our prime social media coordinator throughout the year.

This year has been a challenging time for the club with our Director of Marketing Danni Petkovic being unavailable for an extended period through the year due to health concerns. We wish Danni all the best as she continues her recuperation and full recovery. In lieu of her full availability, we have been fortunate to have the assistance and support of Lucy and also Frederic Leforestier who stepped in to assist Danni late last year with our sponsorship and marketing activities. We thank them both for their help in continuing to deliver this important portfolio for the club.

Louis Tassone

Director of Marketing

YOUTH DEVELOPMENT

Julia Higgs

DIRECTOR OF YOUTH

“We are empowering the youth to speak up“

This was my first season in this role and as a board member. I also started this season as Junior Activities Coordinator after a hand over from Andrew Stuart, and have also been running core strength sessions twice a week before board training, both of which have tied in well with the Youth Role in terms of getting to know the future 'Youth' members and their siblings, some of whom will be coming through next season.

Prior to starting the role, I spoke at length with Avalon SLSC as they have been noted and won awards for their youth initiatives at the club. I also spoke with Dave Wymer and Glenn Slater to get a better understanding of the youth pathways and opportunities that were currently in place at the club.

My first step was to get a better understanding of exactly what it was they youth members were looking for from the club, a kind of youth member wish list ! So I invited youth members to attend a workshop with a 2 fold objective : 1. So I could get to know them better and vice versa 2. To understand their needs and wants. This was helped facilitated by Saul Brown, former President of Palm Beach SLSC and corporate facilitator.

By empowering the youth to speak up, be listened to and items actioned I hope to build a trusting relationship with the group. Some items that were actioned were :

- Access to drinking water
- Access to hot showers and other areas of the club via key fob.
- Better Wi-Fi.
- Youth evenings so they have an place to 'hang out' socially at the club outside of training or patrol hours.

Social events

Our club had been granted 30 volunteer patrol opportunities at Wet n Wild in February, where SRC + members had the chance to earn patrol hours at Wet n Wild on a specific date and then enjoy the rest of the day at their leisure . I arranged for a bus to pick up /drop off from the club and we had 30+ volunteers in attendance. We were commended by the organising staff on our assistance and enthusiasm with the nippers. This was a great trip and feedback from parents and youth was very positive. Unfortunately this opportunity is no longer being run by Wet n Wild but I intend on running similar outing socially for the group next season.

Late in the season I organised with the help of Dylan Passarinho, the assistant youth director and youth member himself, monthly youth evenings. This included the purchase of a table tennis table, bean bags and set up of the T V The first Saturday of each month for the last 3 months the youth evenings have run from 4.30pm til 8.30pm. This is an opportunity for the all youth

YOUTH DEVELOPMENT

members 14+ to spend some social time together. A code of conduct was drawn up and signed by each attendee as was a sign in / out sheet. There has been consistent numbers in attendance around 10-15 people. A special thanks goes to Dylan and Alex Wye for their support in their presence at the evenings and help with communication.

Everything so far to date has been positive and well received, with the only ongoing issue being that of communication which we are currently resolving via WhatsApp / emails and Facebook.

In April we launched a new initiative named The Huston Award- with help from the financial contribution made from Life Member John Huston.

We created a sub committee with John Huston, Stuart Wye, Alex Wye and myself as the interviewing panel for candidates. The intention of the award is to acknowledge and support outstanding youth members who have contributed considerably towards the club, volunteer work outside of the club, and who show promise and ambition upon leaving school. It is intended for school leavers to help them towards further education / apprenticeship / upskilling and/or finding a job in their chosen field. The award is to the value of \$5,000. We had 6 applicants, of which 2 candidates were outstanding, so after some discussion it was decided at the discretion of John Huston to present the award to 2 candidates Dylan and Sophie, both who are leaving school this year. It's worth noting that all candidates had to prepare a resume and covering letter along with references. All applicants were of a very strong calibre and the selection panel were very impressed with the standard.

I believe the process of preparing a CV, applying and then conducting themselves through an interview process with a panel to present to gives them a hands on real life experience to prepare them for life outside of school. The successful candidates were informed and awarded the cheques at the clubs Award Presentation Night which created quite a bit of anticipation and excitement! This is something that we will open to applicants annually.

I look forward to next season and building a stronger youth community.

Julia Higgs

Director

Youth Development

FINANCE

Simon Prowse

DIRECTOR OF FINANCE

“The financial results
for the year were
solid”

Members, once again, it is my pleasure to present to you the Financial Statements for the North Curl Curl Surf Club for the financial year 2019 (period 1 May 2018 to 30 April 2019).

Overall the financial results for the year were once again positive and comparable with past seasons, this despite some significant increases in overhead costs associated with the club's operations and changes to key board positions.

The transition to a more modern and integrated financial and reporting system also continues to move forward with the introduction of Vend, Point of Sale System, to the bar operations to capture transactions which link through to the Xero financial ledger.

Despite the increased costs of operations, I am pleased to report that the Club posted a net profit for the year of \$20,939 after allowing for Depreciation and Amortization of the clubs Fixed Assets of \$86,525. (This is down from \$69,303 from the same period last year, noted increase to overheads). The club's total income from all sources for the year at \$500,150

increased by 10% or \$51,907 for the same period last year. The cash position for the club despite being marginally down when compared to last year at \$215,314, when combined with large debtors (or monies owed to the club), a majority of which was paid in May/ June meant that the cash position remained strong and overall balance sheet equity was enhanced by \$21,000 in the 2019 season.

As you are no doubt aware, much of the club's income and resulting positive cash inflows is as a direct result of sustained fund-raising activities of Members as well as the support of our Donors and Sponsors. A big shout out to all those members and the community for the efforts and contributions this year. Without your help and the kind assistance provided, both financial and otherwise, we would not be able to function at current levels and offer so much to the community and our members, both on and off the beach.

FINANCE

A full break down of income generating activities and contributions of these activities to the clubs profits is outlined in the accounts and includes:

- The 3 Points Challenge, Paddle and Ocean Swim which generated \$43,345 in income and \$16,373 in profits
- The Annual Golf Day, which saw a significant turnaround in revenue \$21,819 from \$6,709 2018 and profit of \$14,353.
- Social activities and functions which generated an impressive \$109,617 in revenue with profits of \$52,183, significantly up on the result from last season.

The year also saw the continued expansion of social activities and functions at the club with regular functions and bands showcasing what the local community has to offer. This proved to be the years standout and a great success and despite some challenges from the weather gods for the big band night.

A big thank you to all those whose efforts and contributions led to the beforementioned income and profits including, Chris Sparkes and David Quinn who managed the bar operations and Golf Day this year, Dave Wymer, Glenn Slater, Louise Tassone and the usual suspects who worked tirelessly to help with all of the above making them a success and positively contributing to the clubs revenues.

Hall revenue decreased in the year but despite this decrease still generated some \$24,000 income. A recent review of the hall hire marketing and bookings processes and procedures should see this income and profits turn around in the 2020 season with early season and regular bookings showing positive increases.

Sponsorships, Donations and Grants this financial year totaled \$136,425 which is fantastic result considering the marketing team experiencing some unexpected challenges with the resignation of Danny from the board due to personal reasons.

All money received is once again greatly appreciated. We make special mention of these benefactors including:

- John Huston
- David Jones and Family
- The Nine Network (Nine Entertainment)
- Bendigo Bank Freshwater
- Curl Curl Plumbing
- Vivid Property Services
- Ian Westmore Dentistry

- Speed Gas
- The Cool Cats
- Dee Why RSL
- Navwealth Financial Group
- Coltman Constructions

I do apologies if I have overlooked anyone for a special mention as the list is quite extensive.

On behalf of all members we thank you, for your generosity and support for the Club, none of us take lightly the magnitude of your support.

Finally, the Clothing Department pretty much single handedly carried by Vic Howell for the 2019 season. A big thank you to Vic and Ann Allsop for the years' work, a difficult and thankless task in managing the "fashion" expectations of members at an affordable price.

In closing as another year passes, I want to once again personally thank the Board and Sub Committee (Colin Wilson and Elly - Eri Kinoshita) for all their efforts, support and tireless work during the year. We are all volunteers trying to manage the challenges of family, work and life.

Well done all for what was season 2018/2019.

Notes to the Financial Statements

North Curl SLSC

For the year ended 30 April 2019

Summary of Significant Accounting Policies

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 2009 (NSW), the Charitable Fundraising Act 1991 (NSW) and the Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the club's constitution. The committee has determined that the association is not a reporting entity.

The financial statements have been prepared in accordance with the requirements of the above acts and regulations, the club's constitution and the following Australian Accounting Standards:

AASB 101 Presentation of Financial Statements

AASB 107 Statements of Cash Flows

AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors

AASB 1031 Materiality

AASB 1048 Interpretation of Accounting Standards

AASB 1054 Australian Additional Disclosures

No other Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets. The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

Income Tax

No provision for income tax has been raised as the Association is exempt from income tax under Div 50 of the Income Tax Assessment Act 1997.

Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

In the event the carrying value of plant and equipment is greater than the estimated recoverable amount, the carrying value is written down immediately to the estimated recoverable amount. A formal assessment of recoverable amount is made when impairment indicators are present.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

These notes should be read in conjunction with the attached compilation report.

Depreciation

The depreciation method and useful life used for items of property, plant and equipment (excluding freehold land) reflects the pattern in which their future economic benefits are expected to be consumed by the association. Depreciation commences from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. The depreciation method and useful life of assets is reviewed annually to ensure they are still appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Cash and Cash Equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Bank overdrafts are presented within current liabilities on the statement of financial position.

Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

These notes should be read in conjunction with the attached compilation report.

Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

Leases

Leases of PPE, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership), are transferred to the association, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for that period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

These notes should be read in conjunction with the attached compilation report.

Financial Instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entities business model for managing the financial asset.
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

Subsequent measurement financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Association's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as long-term deposit that were previously classified as held-to-maturity under AASB 139.

Financial assets at fair value through profit or loss (FVPL)

These notes should be read in conjunction with the attached compilation report.

Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

Leases

Leases of PPE, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership), are transferred to the association, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for that period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

These notes should be read in conjunction with the attached compilation report.

Financial Instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entities business model for managing the financial asset.
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

Subsequent measurement financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Association's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as long-term deposit that were previously classified as held-to-maturity under AASB 139.

Financial assets at fair value through profit or loss (FVPL)

These notes should be read in conjunction with the attached compilation report.

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply (see below).

Equity Instruments at fair value through other comprehensive income (Equity FVOCI)

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at FVOCI. Under Equity FVOCI, subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividend from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital.

Impairment of Financial assets

AASB 9's impairment requirements use more forward looking information to recognize expected credit losses - the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Association considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Trade and other receivables

The Association makes use of a simplified approach in accounting for trade and other receivables and records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the Association uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

Classification and measurement of financial liabilities

As the accounting for financial liabilities remains largely unchanged from AASB 139, the Association's financial liabilities were not impacted by the adoption of AASB 9. However, for completeness, the accounting policy is disclosed below.

The Association's financial liabilities include borrowings and trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Association designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

These notes should be read in conjunction with the attached compilation report.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

1. Related Party Transactions

Interest in Contracts

During the year the association entered into a contract with Navwealth Accounting Pty Ltd to provide accounting and taxation services to the association. Simon Prosser, who is a committee member of the association, is also the managing director of Navwealth Accounting Pty Ltd. During the year SNIL was paid to Navwealth Accounting Pty Ltd for its service.

These notes should be read in conjunction with the attached compilation report.

Declaration By Members of the Committee

North Curl Curl SLSC
For the year ended 30 April 2019

Annual Statements Give True and Fair View of Financial Position and Performance of the Association

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee:

1. The financial report which comprises of the statement of financial position as at 30 April 2019, and the statement of profit and loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, a summary of significant accounting policies and other explanatory notes is in accordance with the Australian Charities and Not-for-profits Commission Act 2012 (Cth) and
 - a) complies with Australian Accounting Standards as set out in Note 1; and
 - b) gives a true and fair view of the financial position of Avalon Beach Surf Life Saving Club Inc as at 30 April 2019 and its performance for the year ended on that date
2. The accompanying statement of comprehensive income is drawn up so as to give a true and fair view of the profit (or loss) of the association including fundraising appeals for the last financial year;
3. The statement of financial position is drawn up so as to give a true and fair view of the state of affairs of the association including fundraising appeals as at the end of the financial year;
4. The provisions of the Charitable Fundraising Act 1991 (NSW), the regulations under the act, and the conditions attached to the fundraising authority have been complied with by the association;
5. The internal controls exercised by the association are appropriate and effective in accounting for all income received and applied by the organisation from any of its fundraising appeal;
6. At the date of this statement, there are reasonable grounds to believe that North Curl Curl SLSC will be able to pay its debts as and when they fall due;
7. The accounts and associated records have been properly kept during the year;
8. Money received as a result of fundraising appeals conducted during the year has been properly accounted for, and;
9. The principal activities of the association during the financial year were the provision of lifesaving services and no significant change to these activities has occurred.

The accounts of the Association have been made out in accordance with applicable Accounting Standards, other mandatory professional reporting requirements, the provisions of the Associations Incorporation Act 2009 (NSW), Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the Charitable Fundraising Act 1991 (NSW).

This statement is made in accordance with a resolution of the Committee and is signed for and on behalf of the Committee by:

President:

Dave Wyner

Treasurer:

Simon Prowse

Dated: 31/7/2019

Compilation Report

North Curl Curl SLSC
For the year ended 30 April 2019

Compilation report to North Curl Curl SLSC.

We have compiled the accompanying special purpose financial statements of North Curl Curl SLSC, which comprise the statement of financial position as at 30 April 2019, statement of profit and loss and other comprehensive income, the statement of changes in equity, the statement of cash flows, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

The Responsibility of the Committee Member's

The committee of North Curl Curl SLSC is solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet its needs and for the purpose that financial statements were prepared.

Our Responsibility

On the basis of information provided by the Committee we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

Independent Auditor's Report For the year ended 30 April 2019

Qualified Opinion

I have audited the accompanying financial report, being a special purpose financial report of North Curl Surf Life Saving Club Inc (the Association), which comprises the Statement of Financial Position as at 30 April 2019, the statement of profit and loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the committee's declaration.

In my opinion, except for the effects of the matter described in the Basis of Qualified Opinion section of my report, the financial report of the Association as at 30 April 2019 presents fairly in all material aspects the financial position of the Association and its financial performance for the year then ended in accordance with the basis of accounting described in Note 1 to the financial report and satisfies the requirements of the Australia Charities and Not-for-Profits Act 2012 (Cth), the Charitable Fundraising Act 1981 (NSW), the Associations Incorporation Act 2009 (NSW), and the club's constitution including:

- giving a fair and true view of the Association's financial position as at 30 April 2019 and of its financial performance for the year ended; and
- complying with Australian Accounting Standards to the extent described in Note 1, and Division 60 of the Australian Charities and Not-for-Profits Commission Regulation 2013.

Basis of Qualified Opinion

It is not practical for Curl Surf Life Saving Club Inc to maintain an effective system of internal control over donations and fund-raising activities until their entry in the accounting records. Accordingly, my audit in relation to donations and fund raising was limited to amounts recorded.

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of my report. I am independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter – Basis of Accounting

I draw attention to Note 1, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Association's financial reporting responsibilities under the Australian Charities and Not-for-Profits Act 2012 (Cth), the Charitable Fundraising Act 1981 (NSW), the Associations Incorporation Act 2009 (NSW) and the Club's constitution. As a result, the financial report may not be suitable for another purpose. My opinion is not modified in respect of this matter.

Liability Limited by a Scheme approved under Professional Standards Legislation

Responsibility of the Committee's for the Financial Report

The committee of the Association is responsible for the preparation of the financial report that gives a true and fair view and has determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Australian Charities and Not-for-Profits Commission Act 2012 (Cth), the Associations Incorporation Act 2009 (NSW), Charitable Fundraising Act 1981 (NSW) and the needs of members. The responsible entities' responsibility also includes such internal control as the responsible entities determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentation or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.

Conclude on the appropriateness of the Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that I identify during my audit.

Auditor
Peter M Power FCA

The origin of the Whakatane trophy

Many club members have asked me over the years about the Whakatane trophy, When did it start and why?

In 1955, five club members including life member and past president Abby Hudson, traveled over to New Zealand on a working holiday, spending time on the North East side, of the North Island in a town called Whakatane, at the local surf club where many friendships were formed. Many years after returning from their trip to New Zealand, the North Curl Curl members had the privilege of hosting 12 members from the Whakatane Surf Life Saving Club. During their stay at North Curl Curl, the 12 Whakatane members were made honorary members of North Curl Curl SLSC. Upon accepting their honorary membership, the Whakatane members presented North Curl Curl with a trophy that had been created from a native Maori carving. At the time it was decided that this special trophy would be presented to the best North Curl Curl competitor each year and would be known as the Whakatane Trophy. This prestigious award has been presented to the best competitor ever since.

The History of the North Curl Curl SLSC Baths

Lots of questions have been asked about the rock pool on Dee Why headland which we know as the North Curl Curl SLSC Baths.

The original baths were built in 1936-1937 at a cost of four hundred pounds. In 1947 these baths were demolished by very heavy seas. Following this the second pool was constructed on 1957.

In 1962 the winter swimming club now known as the North Curl Curl Cool Cats was formed and used the pool for their events.

In 1978 the walls and tops of the pool were raised and the wooden walkway demolished and replaced with a new walkway allowing for easy access between the beach and the pool. In recent years another heavy sea destroyed the walkway and dislodged a very large boulder that ended up in the pool itself.

The pool recently turned 80 years old and during its existence it has been witness to many happy and some tragic events.
