North Curl Curl SLSC Objectives

The objectives of the Club shall be to:

1. Study and practice methods of Life Saving;
2. Minimise the loss of life by applying effective lifesaving skills and beach patrol services;
3. Promote, demonstrate and arrange instruction in the principles that underlie the skills of surf lifesaving and to generally further the best interests of Life Saving;
4. Assist the Council's Professional Lifeguard in his/her duty and by, via the Club's beach patrols, render all appropriate assistance to those in distress;
5. Encourage and promote the physical and social welfare of its members;
6. Promote a professional and friendly image and act in a courteous and professional manner at all times;
7. Develop and educate Junior Activities Members in the skills of surf lifesaving and to promote their progression and integration to the senior ranks of the Club;
8. Support the Board in its actions in promoting the Club and surf lifesaving.

| | Director of Junior Activities | 3 | 7 |
| | Director of Marketing | 6 | 4 |
| | Director Member Services | 8 | 2 |
| | Director of Youth | 0 | 0 |

CLUB ADMINISTRATION

Mick Crews
Director of
Administration

“Our Club
Members
continued to
excel in all
fields”

Season 2020-21 was a year full of Covid restrictions and disruptions to which our club reacted and responded with distinction across all fields and age groups.

As usual our Patrol teams led the way with perfect attendance and professional expertise protecting our community. Alex (Wiz) Wye and his team conducted thousands of preventative actions ensuring the safety of all beach attendees. I completed a number of patrols this year for the first time in many, many years, and I was very impressed with the selfless helpful attitude displayed by all members. Thank you all for your time and care.

Surf Sports was another area that saw great results for the Club, which is covered in Glenn Slater's report. However, I must give massive congratulations to our Nippers competitors for their 2nd State Age Championship victory in a row. Our Senior competitors also excelled achieving some impressive results at State and Aussies.

Over the years we have always had a small core of Masters competitors. This year the Club focused on increasing our Masters membership and the Branch Competitive Team swelled from 4 to over 20 with a Water Team, a Beach Team and Boaties Team. As a result North Curl won the Branch title for the first time ever! A great achievement. Many of our competitors were first timers and we made many friendships and had a lot of fun discussing our achievements every Friday night at the bar after training. We welcome anyone and everyone to join and would particularly like to see more women join our ranks.

I would like to acknowledge our Clothing Team led by Victoria Howell. In a year of uncertainty Vic and the team kept our members comfortable in quality merchandise. Thanks also to Audrey Cheah, Katie Davis and Jocelyn Dacic for organising the Nippers State Kit. Well done to Lynda Warner and Matt Egan for organising the Aussie Juniors gear.

Our kiosk and bar/restaurant had an unsettled year due to the restrictions imposed by Covid. Chris Sparkes and Aldo did a fantastic job adjusting to the regulations as they constantly changed. The Golf Day was particularly affected by Covid but somehow 'Sparkesy' still managed to pull off a successful day.

Thanks also to Lucy Russell. Lucy is the Club Assistant who does all the important things that the rest of us overlook. Lucy covers my many deficiencies, thanks Lucy.

Special mention to our Club President, David Wymer. Most people are unaware of the time and effort Dave puts into the Club and the Boaties. If we paid him for his hours worked we would be broke. Sincere thanks Dave.

Welcome to our new Board Members, Brett Jeffrey, Saul Brown and John Vickery. Thanks for your dedication. Congratulations to all of our Board members for a successful season in trying circumstances. Your time and dedication is invaluable to our community and I look forward to working with you all next season.

Finally, I would particularly like to thank our Registrar, Julie Tassone. Last season Julie put in massive hours registering all of our members on her own. This is completely behind the scenes and a task which gets little acknowledgement. Julie, we can't thank you enough.

See you on the beach next season, Michael Crews.

CLUB Registrar

Despite COVID-19 and the various challenges that we faced, registrations across the Club were actually higher than in the previous season & the pace was fast and furious! With the restrictions came challenges, it was actually the perfect opportunity to force the online process for every member, paving a much simpler process for the years ahead. In taking the role of registrar back on this season after a 3 year break, I would personally like to thank Kate Kelly for her awesome work over the previous few seasons which she primarily did on her own - no easy feat with 6 kids in tow.

While there were some frustrations in the SLSA system, it is pleasing to see the software improve each year. We managed to work through the odd glitch or two to get a pleasing result. Notably, this season saw the change to incorporate the redemption of the Active Kids via the SLSA portal which was a huge time saving in the registration space from previous years. Thanks very much to our office administrator, Lucy Russell, who came to my rescue early in the season and thanks to the Board for allocating her as a resource. Some rapid training soon helped to lighten the load. Total registrations for this season are 1559 - up by 40 from previous year, with Nippers only 20 less than the previous year despite having to slow down taking registrations as our U6's & U7's reached capacity numbers for Covid restrictions.

Plans for the coming season are to simplify the fee structure and maximise the Active Kids vouchers for all of our school age members. We will provide some simple steps for renewing and new memberships and also answer some FAQ's. A main take-away from this season has been for those Nippers who are transitioning to Cadets and needing to continue with online education under their own SLSA logins whilst remaining in a Family Group. Providing instruction to the Education team should make this a better process next season. Thanks to all the members for their patience and support over the past season and we look forward to a great season ahead.

Julie Tassone
Club Registrar

PRESIDENT'S report

David Wymer
President

“This is my last year as president, I am over the moon with the momentum and success our club has seen in the past 4 years”

It is with great pleasure that I present my 4th Annual Report for the 2020/2021 surf season on behalf of North Curl Curl SLSC. I would like to sincerely thank our Board of Directors for their dedicated voluntary time, guidance, direction & overall enthusiasm for our club. The past season was like no other before with so much uncertainty due to the global Covid-19 pandemic, but in these uncertain and worrying times we came together as a club, a family and local community and made the season one of the best possible with so many fantastic outcomes and targets reached, and for this I would like to thank every single member of our club. It was hard at times but we made it.

For Ninety Nine years now our volunteer members have kept the beach of North Curl Curl safe & fatality free whilst on Patrol. With another season of volunteer Beach Patrols completed, it's an opportune time to reinforce the most important responsibility we have here at North Curl Curl. That is, to patrol our beach during the season, and to ensure that it is a safe environment for all that visit so they get to go home to their families.

Our patrol members have once again kept our beach safe this season, and we thank them for their dedication, as volunteers, for their commitment to uphold the high standards of the red & yellow through some difficult conditions & busy periods on the beach. Very special thanks go to our Patrol Captains that took up that extra level of responsibility leading their teams & have managed their responsibilities admirably again this season. On behalf of all members, I wish to thank Alex Wye, Director of Life Saving, for the tireless work and countless hours on the beach ensuring that our commitment to saving lives is professionally administered.

The education of our members has developed significantly over the past 12 months with a professional approach taken under the direction of our Director of Education Brett Jeffery. The success of our lifesaving and education services here at the Club are mainly due to the professional and decisive management delivered by our club trainers. Our Education and Training team have done a wonderful job this season under some very tough conditions due to the covid restrictions put in place. Education is an important pillar within our Surf Club and one that we must continually work at to maintain the quality of patrols we currently have and pride ourselves on. We have a dedicated team of educators who are motivated to educate and train our members, please use their services next season & I thank you all for your ongoing efforts.

Our club sponsors and supporters are an integral part of your club and have continued to provide that much needed financial support towards the ongoing operation of our facilities & services so please try to support them where possible. On behalf of the Club I would like to formally thank our local representatives for their ongoing support.

Junior Activities program lead by John Vickery & his Junior Activities Team, has continued to provide fun activities that teach our kids surf skills, surf safety & team work. We have an incredible group of mums and dads who act as Age Managers, Water Safety plus IRB Drivers, IRB Crew & Officials throughout the season, we could not deliver our Junior Activities program without their support. Thank you for your efforts - it's not always easy, but very rewarding.

Lastly to the Nipper kids, thanks for turning up each week and having a go wearing the GREEN & GOLD of North Curl Curl with such pride.

Our solid results in attracting new members, retention & encouraging our Nippers to continue into the Youth section has been sensational, hence winning Branch Age Championships & winning back-to-back NSW Championships. Outstanding effort!!!!

PRESIDENT'S report

Our continued success in the Surf Sports arena is a testament to the dedication and commitment of the Surf Sports team. There is no simple formula for our continued success at the local, State & Aussies Titles other than a constant review of how we do things, along with an enormous amount of hard work by our coaching staff, setting programs for competitors that are willing to train hard, soak up the knowledge delivered & strive for results. It was great to see both male & female Boat crews training hard to compete this season with some success & hopefully the momentum of numbers will increase. Another section of competition on the build is our winter Pool Rescue competitors - thanks to Tony Williams for taking the lead in improving their skills.

It was a challenging year for me personally just like it was for everyone, but it was one that has also helped me grow a lot as a leader & learn a lot as a club mate and human being, I must thank my wife Alex for her enduring support & patience along with Julie Tassone, Dave Murray and all the Life Members for their guidance and support over the past 12 months.

To the Club Board & Management team I value all your efforts and time spent in developing our club. I am so proud of our club and have only ever intended to help it grow to be one of the best clubs in the county. Personally I feel we are there and have the best Surf Life Saving Club in Australia today.

To all of our members, thank you for your support over the season of 2020/2021 and I look forward to seeing you all on the beach in 2021/2022.

SURF LIFESAVING

Alex Wye
Director of
Surf Lifesaving

“May I please take this opportunity to express sincere gratitude to all of the patrol members at North Curl?”

The overall commitment of our surf club’s dedicated voluntary surf lifesavers whilst doing their designated patrol duties, was once again of the very highest standard and I would like to both thank and congratulate every one of them for giving up of their personal time to serve both our surf club, as well as the general public in our local Sydney Northern Beaches community.

Most people are extremely busy these days with their numerous life requirements, including family obligations, work and/or school commitments and various other interests. Therefore, this selfless giving of one’s time and efforts voluntarily whilst on rostered patrol duties to ensure that North Curl Beach is kept safe during all of the weekends and public holidays from the end of September through to the end of April, should never ever be taken for granted nor underestimated by anyone.

North Curl S.L.S.C. completed the 2020/2021 surf patrol season on Sunday, 25th April, 2021 with 224 patrolling members (129 males and 95 females), including 160 Bronze Medallion holders, 61 Surf Rescue Certificate personnel and 3 Award Members, with this being our club’s highest ever combined total of rostered patrolling members. Of these 224 patrol members, 109 were 20 years old or over and predominantly male (82 to 27), with 115 being teenagers and primarily female (68 to 47). Also, 50 (that is, over 20%) of all of our surf club’s patrolling members were 100% patrol efficient for this past 2020/2021 season, with their names being recorded at the end of this Annual DSL Report.

The organising and conducting of surf lifesaving activities in any surf club can be a most complex and time-consuming task. Therefore, I would like to thank and commend all office bearers in our surf club’s surf lifesaving portfolio for their conscientious efforts over this past 2020/2021 surf patrol season.

My heartfelt thanks go to

- Carmel Howard (Club Vice-Captain and First Aid Officer),
- Greg Stretton (Club Vice-Captain and ATV or SSV Co-ordinator),
- Matt Truman (IRB Captain)
- Sarah Wanden (Radio Officer)

for the exemplary services they have collectively provided over the course of the season.

Also, my sincere appreciation goes to our surf club’s fourteen diligent Patrol Captains, in Rhiannon Stevens, Ross Tillman, Carmel Howard, Michael Jones, Simon Spicer, Ben Pardo, Greg Stretton, Jamie Howieson, Andrew Mackenzie, Alan Prictor, Ben Dreghorn, Frederic Leforestier, Sarah Wanden and Duncan Grady for their excellent contributions to North Curl S.L.S.C. as the leaders of their respective patrol teams.

With so many outstanding patrol teams in operation, the selection for the Best Patrol Team for the 2020/2021 season was once again an extremely difficult decision to make, However, for its overall team attitude, commitment, punctuality and performances whilst on the beach and at the water’s edge, this prestigious and highly sought after patrol award was won by Patrol No. 10, with several other patrol teams coming very close runners up.

The Mark Watson Memorial Award for the Best Patrol Person of the Season award was most deservedly won by Ben Dreghorn on Patrol No. 11. Ben joined patrols as an SRC (known back then as an SLSC) in the 2001/2002 season at the age of 13, has been doing patrols continuously since then for the past 20 years and is now a conscientious and diligent Patrol Captain. Ben always arrives very early for patrol, is extremely vigilant whilst on patrol and leads by his wonderful example to all patrol team members.

Andrew Mackenzie (Patrol No. 9) has achieved this past season’s award for the Best Patrol Captain due to his very thorough organisation of his patrol team members and facilitation of their respective endeavours. Andrew is also acutely aware of how important his patrol team’s younger members are and ensures they are always involved and appreciated - very well done, Andrew.

Two seasons ago, two new awards for the Best Junior Male and Female Patrol People were introduced for our surf club's patrol members and the recipients of these awards for the 2020/2021 season were Skye Currie and Jamie Swane.

Skye who has won this award in consecutive seasons completed 48 patrol hours for the past season and as a Patrol Vice-Captain was very focused and pro-active with respect to all of her duties.

Jamie not only gained his IRB Driver's license during the course of the season, but also, similar to Skye, displayed a fine attitude and commitment towards all of his surf lifesaving endeavours.

In November, 2022, North Curl Curl S.L.S.C. will be celebrating its 100th Anniversary. Whilst our surf club has made numerous outstanding achievements and gained first class outcomes during its history, the thought of gender inequality still does concern me.

Over the almost 100 years of its existence, there has never been a lady in the Club Captain (or Director of Surf Lifesaving) role. Furthermore, currently 45% of our surf club's patrolling members are female, yet there are currently only three out of fourteen lady Patrol Captains (that is, less than 25%) and two out of thirty-six (or less than 6%) lady IRB Drivers. It is totally appreciated and understood that ideally the most suitable person or people should fill the various club roles, irrespective of gender, but hopefully over the next decade this noticeable inequality can be rectified.

As this DSL Annual Report draws to a close, I wish, as usual, to once more thank and acknowledge the members on our surf club's Board of Directors for their fine commitment and for the huge amount of work done by them in the various duties they have each needed to perform in their respective portfolios.

From a personal viewpoint, my gratitude goes to my brother and Club Life Member, Stuart Wye, for both the guidance and assistance that he readily affords me on so many occasions. Also, my gratitude goes to Lucy Russell (Club Assistant) for her ongoing assistance over the 2020/2021 season in providing me with much needed patrol documents and other patrol resources.

To serve North Curl Curl S.L.S.C. in the role of Director of Surf Lifesaving (or Club Captain) has once again been a huge honour and privilege and if it is the wish of our surf club's members,

I would very much like to complete the final season of my current four-year tenure in this role during the new upcoming 2021/2022 surf patrol season.

Finally, as usual, I wish to acknowledge the accomplishments of my dearly loved mother, Isabella Jessie Wye MBE OAM who was and always will be the major inspiration and motivation for everything I do in life, especially within the wonderful domain of voluntary surf lifesaving for our cherished surf lifesaving club.

Alex Wye

Director of Surf Lifesaving

EDUCATION

Brett Jeffrey
Director of Education

In a season like no other, we can be extremely proud of the way the education team at North Curl Curl responded to the challenges at a club, branch and state level. In my first year in the role of Director of Education I could not have hoped to work with a more talented, passionate and dedicated group of trainers, facilitators and assessors who have delivered some fantastic outcomes for the members of North Curl Curl Surf Life Saving Club.

I must give a special thanks to the amazing Clare Hagon for her tireless efforts and dedication in her pursuit for positive educational outcomes for every member of North Curl Curl. Over the last twelve months Clare's skills and experience has helped in the upskilling of our Training Team in the new SRC and Bronze course content and resources. The new course includes more online and interactive components. She has also undertaken training through Surf Lifesaving NSW, in the new mode of delivery – Canvas online - for the Training Officers Certificate, which Clare facilitates at a Branch level. I would also like to personally thank her for the warm welcome I received upon commencing this role and her patience and support in getting me up to speed the fastest possible way.

Season 2020/21 saw a number of changes in the education space, including course content, the way courses are delivered and changes to the way we maintain member skills through the annual proficiency process. Delivering these changes with the backdrop of COVID-19 proved challenging for many, however, I must thank each and every member of our education team for the manner in which they were able to implement these changes, ensuring a COVID-safe environment with positive member outcomes.

Skills maintenance & keeping our members proficient

With a number of SLS member services moving to the online world, 2020/21 saw an increased usage of the e-learning platform in the delivery of content. This season involved some significant changes in the skills maintenance process, including the migration of a number of key outcomes online, enabling our assessors and delegate assessors to re-imagine how they conducted this season's skills maintenance / proficiency sessions. Over six weekends, from late October through to December, our assessors ran 24 Surf Rescue Certificate (SRC), Bronze and IRB proficiency sessions and three ART proficiency sessions. Scheduled to coincide with the change-over of patrol teams each weekend allowed the team to conduct these sessions in a COVID-safe manner while also capturing members before or after their patrol. While this increased the pressure on the greater education team, the feedback from members has been overwhelmingly positive and the lessons learned will enable us to refine next seasons program.

A special thanks must go to the team who delivered these sessions including — Steven Atkins, Phil Godbee, Clare Hagon, Michael Jones, Frederic Leforestier, Ray Merton, Matt O'Connor, Lucy Russell, Anna Silva, Natasha Spencer, Matt Truman, Sarah Wanden, Alex Wye and David Young for their amazing efforts this season in ensuring we overcame the challenges and completed our skills maintenance program.

EDUCATION

Delivering SLS award courses

During a disrupted season at North Curl Surf Life Saving Club, we were able to continue to deliver training courses for our club members. Providing opportunities to be trained in the skills required to be Life Savers, continues at the heart of what we deliver as a Surf Life Saving Club. Through the season the education team, including Steven Atkins in the role of lead Bronze and IRB trainer, Clare Hagon, Michael Jones, Ray Merton, Tony Tier, Sarah Wanden, Michael Wasley and Alex Wye continued the proud education tradition at North Curl Surf.

Season 2020-2021 saw the provision of award courses in SRC, Bronze Medallion, Senior First Aid, IRB Driver and IRB Crew Certificates. This included a trial of an intensive SRC course facilitated by Tony Tier and Michael Wasley during the term three school holiday period, the completion of SRC and Bronze Medallion courses that had been on hold since February (led by Steven Atkins), changes to the delivery of First Aid renewals and the incorporation of an SRC course into the under 14 nipper program as a bridge into the senior club.

I am pleased to report that despite this season's challenges, award attainment remained strong, including:

- Surf Rescue Certificate: 32 members
- Bronze Medallion: 28 members
- IRB crew: 1 member
- Silver Medallion IRB driver: 3 members
- Training Officer Bronze medallion: 1 member
- Provide First Aid: 65 members (including renewals)

One of the areas I am passionate about is capturing the expertise we have in the Club to assist in the training and development of our members. During the course of the season, the education team were fortunate to benefit from the skills and experience of subject matter experts to assist in skill development across various SLS disciplines. These fellow members included: Saul Brown, David Jones, Frederic Leforestier, Matt O'Connor, Glenn Slater, Matt Truman, Vanessa Wallace, William Wallace, Kurt Wegenaar and David Young. A special thanks also to Maryanne Troop and Gary Beauchamp from First Aid plus. Their close association with the education team and the facilitation of the Provide First Aid certification aligned with our Bronze Medallion courses and the renewal of existing award holders to ensure our patrolling members are set-up for success.

A Special Mention

During the course of the season many of our education team were active across the Branch in an assessor capacity, supporting the certification of Sydney Northern Beaches members in SLS awards, including: Steven Atkins, Clare Hagon, Ray Merton, Tony Tier and Michael Wasley.

One course we were unable to pick-up where we left off after the COVID break was the Gold Medallion group who were almost ready to face the rigors of assessment as the world went into lockdown. With the amount of work that went into getting to that point it would be awesome to see that group re-convene in the future when they are ready and attain their award.

Finally, from myself and the education team, thank you to David Wymer and the North Curl Surf Life Saving Club Board for their assistance through the season. Their knowledge, strategic thinking and encouragement is an asset to our club, and I look forward to a successful season ahead.

Wow what a season! NSW State Champions for the second year running, 700+ Nipper registered, 25 new Sunday Age managers and 50+ weekly Age Marshals, countless competition parents' helpers all making the season 2020 – 2021 the best yet across both Sunday & the Competition Arenas.

In a season where other clubs restricted their intake numbers to cope with the Covid compliance, we welcomed the overflow from other clubs and embraced the challenges that were thrown at us across Sunday Nipper Activities and the new procedures at the carnivals.

For the second year running North Curl Curl Nippers reigned as the Northern Beaches Branch and NSW State Champions with a well prepared and highly motivated group of kids.

The entire nipper program was faced with overall COVID governance from the Northern Beaches SLSA Branch and NSW health guidelines which only galvanised our resolve to hold nippers and present a program that improved surf survival skills and enjoyment across the board.

Many people stepped up into demanding roles in this new climate of social distancing and restrictions that challenge the normal and presented new operating procedures in both arenas.

I wanted to firstly thank everyone from “mum and dad gear/ travel and everything else stewards”, to the countless, coaches, carnival officials, water safety, Age Managers, Age Marshals, parents and finally the kids themselves who all performed tremendously throughout a trying season of new world challenges, making North Curl Curl SLSC Nippers the Number 1 Club that it has become.

The Stats

- 2020-2021 total Nippers Registered 704 (Just shy of last year's 710, a noteworthy achievement in a Covid environment)
- 466 Families
- 557 Adult Parent/ Guardian Registrations
- 113 Nippers attended a SNB Carnival
- 31% of Eligible aged Nippers attended a SNB Carnival
- 220 Nipper Parent Awards – 63 of these being Bronze Medallions
- 82 State Nipper Competitors
- 62 State Finals Results
- 1st NSW State Age Nipper Championships
- 1st Sydney Northern Beaches Age Nipper Branch Championships
- 184 Sydney NB Branch Medals - Individual & Teams

This year our Preliminary Proficiency Pool Swim was held at our new sponsor Narelle Simpson's NS Swim School in Brookvale. With a last-minute change of plans of plans, Narelle generously donated her facility to the Club, and with generous support from all the families we raised over \$500 for her chosen charity Variety Club Australia, helping kids with cancer.

We kicked off the season the same big weekend with Age Manager training and Saturday afternoon Nippers for the Under 6's, welcoming all the new incoming families with fun activities and an intro to the Club social environment.

What followed was two perfect weather Sundays, with water areas in full operation and the kids back into the swing of it. The second Sunday nippers we invited James Griffin State MP for Manly along to officially open the season and run him through all of our COVID action compliance plans, with James commenting that “we had set the bar for all other clubs to follow”.

JUNIOR ACTIVITIES

The roller coaster ride of new restrictions and lockdowns saw us having to cancel several social events including the “Welcome to Summer Season party” and the “Christmas Nipper Day” activities however on a Nipper activities level, the new Age Manager and Age Marshal organisation model saw us have a cracking first club championships of the season with all the kids having a ball and seeing us back in the sheds well ahead of scheduled time.

Christmas COVID Lockdown hit next costing us 2 additional weeks of NO Nippers over the school holidays before we kicked into gear again and got set for the Branch Titles at Palm Beach.

In the competition arena Beach Coaches, Sophie McGovern, Mike Girven and Water Coaches, Michael Clues, Andrew Dennehy, Sean Davis & Ross Chaffer’s training programs were second to none. Look at these results, all coaches deserve a massive thankyou and congratulations, well done.

It’s a ‘Big Team’ with lots of people to thank. All this achievement is really the product of unseen dedication in many areas of the whole Nipper’s tribe and bred from years of North Curl culture being developed by the many characters of the Club colours. It goes without saying that these individuals make a whole team environment tick, and when the glue is good it all sticks.

Firstly, thank you to Mr President, Dave Wymer, and the Board of Directors who gave the JAC team full support all season with any request, well done in sometimes a thankless job.

The JAC Team and my Co-volunteers.

- Madeline Keene now 9 years deep into her career as Age Manager Coordinator. Big hugs and thanks and for hubby Stuart’s backing and blessing.
- Andrew Stuart the silent Yoda of NCC knowledge and passion for all things Surf Club, without Andrew the statistics on the ground would not exist, along with gear stewardship, Sunday Intro Group training, Nipper Admin and many of the laborious jobs that make an organisation tick. Big thanks.
- Nick Lawry Under 9 Lead Age Manager, 9-10 Competition Age Manager and all-round council on the JAC.
- the team of new and old Age Managers and Age Marshals that fronted up week after week, listening to me blasting out orders on the loud haler and then got stuck in to teaching the kids everything they know about Surf Lifesaving.

A special mention for Yellow Group Trainer Jason Elboz, who quietly goes about his work, training up the competitors of tomorrow, teaching the kids how to paddle and negotiate the surf. We thank you.

To all of the Water Safety Crew throughout the season, the kids feel at ease with you there and for that matter, so do I knowing there are eyes everywhere to make it as safe as possible.

The entire Coaching Team for the carnival kids was headed by Glenn Slater, Michael Clues, Andrew Dennehy, Mike Girvan, Sophie McGovern, Justine Hayward-Smith and Rhonda Lycett.

The Uniform guys and gals, What a team! Anyone that can organise, sell and administer to over 700+ nippers’ multiple items of kit, is worth their weight in gold.

To Julie Tassone, our Registrar, none of this happens without first registering all the families and kids. 700 is a massive effort, Julie, we thank you.

Final Words

It is safe to say that the North Curl Curl Nippers 2021 is in great shape, with an awesome bunch of kids both competitively and Sunday’s finest.

All this is owed greatly to a massive team effort across the board from a community of people having a blast at one of the prettiest and safest beaches on the east coast of Australia.

Well done and see you all on the beach next season.

JUNIOR ACTIVITIES

Branch Results

Perception is reality! The feedback from officials and other club representatives was NCC competitors are respectful to fellow & other club competitors, polite & thankful to officials, and were obviously having fun. Hard not to have fun when surrounded by NCC supporters cheering their friends on.

A couple of the highlights where the North Curl Curl U10 Female board competitors winning 1st, 2nd, 3rd, 4th, 5th & 6th + gold in beach relays, flags, and R&R are just some examples of our remarkable talent coming home with 697 points. 159 points in front of our nearest rival.

There are so many great results from our 48 Beach and 77 Water competitors, the stats tell the story.

The NSW State Titles Wrap - The Junior State Titles for 2021 looked vastly different to those held in 2020, but that didn't change the result. In another dominant team display. North Curl Curl Nippers retained the NSW State title by an impressive margin.

Despite the disruptions to the 2021 season due to COVID restrictions, North Curly once again sent a well-prepared team of kids north to defend their title. While NCC arrived with a reputation for an immensely strong water team, this year saw the emergence of a competitive Beach and R&R team as well, coached and managed by Mike Girvan, Sophie McGovern, Justine Hayward-Smith and Rhonda Lycett. This presence allowed NCCs U9s-11s to build the points score in and out of the water on Days 1 and 2, under the watchful and occasionally teary eye of their coach, Andrew 'Dinky' Dennehy.

In some of the most challenging surf conditions seen at Swansea at State. Thursday provided thrills, spills, tears and laughter for the NCC Young Guns as they took on powerful surf that would've tested the most experienced of Open competitors. There were incredible performances from the brave group of NCC U9s, where it was a badge of honour just to get out and around the cans. The next generation of NCC Nippers showed they have the heart and the determination to represent their club in the years ahead. Across the 10s and 11s, the gold rush began for NCC and that would continue throughout the 4 days of competition. Friday was Team Day for the U9s-11s and with improving surf conditions, we saw just where NCC's strength lies. Across the age groups, points started accumulating as the Green and Gold continually crossed the line in point scoring positions. With the Juniors having set the tone, it was time for the Senior Nippers to follow their lead on Saturday and Sunday...and boy did they deliver. With some outstanding performances in the individual events, NCC went into the lead in early competition on Saturday morning and were never headed. Izzy Higgs secured her first State individual medal, securing bronze in the Board, against a stellar field of NSW competitors. NCC Head Coach, Michael 'Cluesy' Clues summed up what it meant when he said, "To see that smile and see her parents in tears, that's everything to me". Dominant duo, Olivia Clues and Dominique Melbourn completed a clean sweep from U11 to U14s in the Board Rescue. It was an outstanding performance from these NCC stalwarts and alongside their team mates, the Overall point score victory was settled. Our director of Surf Sports, Glenn Slater is fond of saying 'Everyone is a someone at North Curly' and this has never been more evident in 2020/21, as so many people played a role in bringing the title back to NCC; from behind the scenes organisation, to age managers, water safety, officials, kit organisers, trailer pullers, tent erectors, parents getting the kids to training and of course, the coaches. Without this huge team of people working together, these champion kids couldn't do what they did.

But the last words go to "Cluesy": "Our whole club culture is about the kids enjoying themselves. If they enjoy it, they'll stay in the Club and that makes our whole community much better. Medals are just a bonus." But what a bonus...

JUNIOR ACTIVITIES

Nippers Beachies

The beachies trained hard this year to get heaps of great results on the sand. Special mention to Mike Girven for stepping up this year to help with the coaching and at carnivals!

Branch

The main highlight of branch was seeing so many North Curly nippers down at North Narrabeen to support the beach events. The relays were the most successful with almost every race having multiple North Curl Curl teams, many of which won medals. It was also great seeing some giving the beach events a go for the first time and hopefully they'll be keen enough to join us again next year.

State

Despite only having a small team of 13 competitors for the beach events, it was one of the most successful states. 10 finals were made, with 3 medals won – 2 for Sofia and 1 for Erin!

Unfortunately, without being able to run up age groups for the relays we only had enough for one relay but they did a great job, narrowly missing a medal to come fourth. It was definitely a fun time being under the North Curly tent with everyone warming up together for their events and staying long after they'd finished competing to cheer on the others – and to help finish off any left-over lollies! These were our State Highlights -

| | |
|---|---|
| Sofia Ehnбом (U11) | 1 st Flags, 3 rd Sprint |
| Erin Fitchett (U9) | 3 rd Flags |
| Finn Bailey (U11) | 4 th Flags, 5 th Sprint |
| Oliver Sanbrook (U12) | 5 th Flags |
| Henry Troy (U13) | 6 th Sprint |
| Josh Lowe(U14) | 8 th Flags |
| Sebastien Hill (U12) | 7 th 1km Run |
| Finn Bailey, Sofia Ehnбом, Aria Grven, Isaac Lill (U11) | 4 th Mixed Relay |

The Second Club Championships was held in late January and was a huge success with all the kids competing enjoying a challenging swell and beautiful sunny day.

With the season winding down we had an awesome U6-U7 BBQ afternoon presenting certificates and medals for participation.

The last Nippers fun activities & presentation day became a washout, due to a huge storm front hitting the beach, sending the presentation day indoors.

We celebrated many great achievements both across Sunday Nippers and the Competition teams, with trophies being handed out from the 2020 & 2021 seasons and we all managed to squeeze in a soggy sausage sandwich with the weather pelting us from all sides.

Marketing

Saul Brown
Director of
Marketing

It's a pleasure to report on the activities in the marketing and sponsorship portfolio and team for the 2020/21 season. As a keen surf lifesaver at various clubs over forty years I have enjoyed my first year on the board at North Curl. The range, number and dynamism of member and community services that the Club supports and delivers each season is really outstanding and a credit to everyone involved, especially our volunteer members. A family club, with participation across generations, in a diverse range of activities and a community orientation, while staying true to the volunteer ethos of surf lifesaving, is in my view what makes North Curl so special and something we should all be proud of.

We are fortunate to have a number of generous sponsors who get right behind the Club's ambitions to support this ethos and broad range of activities. This season, despite the disruptions of COVID, a number of our long-term sponsors again stepped up to support the Club in generous ways, as well as a number of new sponsors that have got behind the Club this season. We are most grateful to all of our sponsors – who are recognised at the start of this annual report. Thank you! and we look forward to your ongoing support and relationship.

Sponsorship is one of our major revenue items and we couldn't do everything we do without this support. If you can use, support, thank or recommend our sponsors please do – or give them a comment on social media when you get the chance.

Beyond sponsorship the marketing team has been working to better capture, communicate and promote all aspects of life at North Curl SLSC. Much of our communications is now done via social media as well as via the Team App, and the marketing team is lucky to have the expertise of Branca Salaverry and Manuela Curzon leading our work in this area. The multi-talented Peta Fairlie has been our social media manager and has done a fantastic job in capturing life at North Curl on our Facebook and Instagram pages, as well as everything else she does at the Club.

Finally, Brad Higgs has been looking out for government and other grant opportunities for us this season and it is exciting to report that we have just won a \$30,000 grant to install a solar and battery solution at our club that will save us close to \$10,000 a year and make our energy usage almost 100% renewable. Thanks to the NSW Government for the grant funding as well as SLSNSW and Northern Beaches Council for the support with our application. The installation should be taking place with a local supplier in the coming months.

Congratulations to everyone that has contributed to another safe and enjoyable surf lifesaving season at North Curl!

SURF SPORTS

Glenn Slater
Director of
Surf Sports

“ Everybody is a
'somebody' at North
Curly SLSC”

Another season of challenges, no bushfires just COVID and floods but we had Branch, State and Aussies Championships!

This season was a season of firsts for our club highlighted by -

- 1st place - NCC at the NSW State Age Nippers Championships (back-to-back from 2019)
- 1st Place - NCC Overall Sydney Northern Beaches Branch Champions
- 1st Place - NCC Sydney Northern Beaches Age Nippers Branch Championships (3 years in a row)
- 1st Place - NCC Sydney Northern Beaches Masters Branch Championships
- 2nd Place - NCC Sydney Northern Beaches Opens Branch Championships
- 2 x Open Boat Crews competing in Ocean Thunder Series (Open Men's and Open Women's)

Club Investment in Coaching Structure Paying Dividends

The continued investment in our Surf Sports Coaching infrastructure is paying dividends with a clear improvement at all levels of development including beginner Nippers, our beach sprinters (1&2km runners), Junior R&R teams, U15's , U17's particularly our ski paddlers and our Boat Crews.

This investment is creating stronger more water capable lifesavers with ever-increasing numbers of nippers now completing their SRC and beginning their “voluntary surf lifesaving patrol” career, and a number of new boat rowers obtaining their bronze qualifications significantly contributing to the overall health of our club's patrolling numbers.

Particularly pleasing is that our U17 and U19 surf sports competitor numbers are also increasing rather than decreasing which has been the previous trend. This retention allows these members to gain more valuable patrolling experience and contribute to broader club life, vital for the long-term sustainability of our club.

A clear example of our how our program is developing is the NCC attendance numbers at the recent Youth Australian Titles. In 2019 NCC had 4 representatives, in 2021, NCC had 22 representatives.

Opens Branch – Palm Beach – Water

A big and mean surf greeted the Opens at Palm Beach. **For the first time in history**, we had 2 teams enter the Lifesaver relay with one qualifying for the State and Aussie Champs

Our numbers in 14 & 15 youth were particularly strong as was our U17 and U19 Female Teams which contributed to our strongest ever overall position in for nearly 25 years – **We placed second to Newport, with Manly 3rd.**

Our fantastic results again could not have been achieved if our members did not back up at the Beach branch titles and race in as many beach events as possible, Flags, Sprints, relays , 1 & 2km relays.

SURF SPORTS

| | |
|---|---|
| U14 & 15 Female Olivia Clues, Dom Melbourn, Brooke Derz, Ruby Lovell, Georgie Prowse, Sophia Brown, Ella Warner, Elise Wallace, Ashleigh Windsham | U14 & 15 Male Luke Chaffer, Zac Wasley, Sean X, Casey Brown, Aiden Armitage, Braith Howison, Sam Higgs, Jake Crews, Dylan King, Luke Egan & Brayden Creighton-Brown |
| U17 Female Gabby Bradley, Talia Allsop, Tara Harvey, Tiffany Walsh, Maya Morris, Abigail Milner & Hanneke Wegenaar | U17 Male Ollie Oudenoff, Zeko Vesely, Isaac Crews |
| U19 Female Maddy Wallace, Annalise Melbourn, Charli Brown, Rebecca Harvey & Amelia Wegenaar | U19 Male Mitch Stuart |
| Open Men's - Michael Jones and Dale Finch | |

Branch Masters – Palm Beach Water

This year we doubled our numbers with debutants Elijah Paling, Saul Brown, Mick Crews, Shane Howison, Kurt Wegenaar and Jason Elboz, joining David Jones, Mario Vesely, Andrew Stuart, Spider Atkins and myself, battling pouring rain, bluebottles and ugly surf. We had a great time, with our Beach Competitors contributing to a **history making 1st place in Overall Masters SNB point score**. Next season we hope to double our numbers again especially in the Female Masters area.

Opens State – Blacksmiths Beach Newcastle

Largely the same team as Branch competed at State with the exception of our U14's due to Covid restrictions. A very pleasing State Open titles for the Club, with so many more semi-finals, finals and top 6 placings than previous years, plenty of 4th's & 5th's with highlights being -

| | |
|---|--|
| Hanneke Wegenaar – Gold U17 Female 2km beach run | Ziko Vesely – Silver U17 male ski |
| Charli Brown – Bronze Open Female surf race & U19 Female Surf Belt | Isaac Crews – Bronze U17 Male surf belt race |
| Casey Brown – Bronze U15 Male 2km beach run | Ella Warner/Ashley Windsham/Elise Wallace – Bronze U15 female Cameron relay |
| Luke Chaffer / Braden Creighton-brown/Jake Crews/ Luke Egan – Bronze U15 Male swim teams | |

Masters State – Blacksmiths Beach

A small team represented NCC in absolutely freezing conditions, driving rain and no surf. Kurt Wegenaar competed in his first State Masters grabbing a 4th in the 2km beach run for his age. With stalwarts DJ and Spider we all managed to keep reasonably warm with race highlights being:

| | |
|---|---|
| Andrew Stuart Gold – 55-59 Male 2km beach run Silver – 150 Male Taplin Relay Bronze – 150 Male Board Relay | Mario Vesley Silver – 50-54 Male Single Ski Silver – 150 Male Taplin Relay Bronze – 50-54 Male Double Ski |
| Glenn Slater Silver – 150 Male Taplin Relay Bronze – 50-54 Male Rescue tube Bronze – 50-54 Male Board race Bronze – 150 Male Board Relay Bronze – 50-54 Male Double Ski | Saul Brown Bronze – 150 Male Board Relay |

Australian Youth Championships – Maroochydore Qld

When the coaches sat back and looked at the results we were super proud to share that every one of our 22 athletes who represented NCCSLSC at the 2021 Youth Australian Championships made an Australian Final..... this is a fantastic achievement and one we should all celebrate! (On several occasions we had 2 teams in the final).....bring on Perth 2022!

SURF SPORTS

Youth Champs Final NCC Medal Tally and Wrap Up.

| | |
|--|---|
| Dom Melbourn Gold - U14 Female Iron Person Silver - U14 Female Swim Silver - U14 2km Female Swim Bronze - U14 Female Board Rescue | Sam Higgs Gold - U14 Male 2km Swim |
| Emily Guberina Macy Slater Ella Koopman Kate Wagland Eve Watt Frankie Truman Bronze - U15 R&R 5 Person | Olivia Clues Bronze - U14 Female Board Rescue |

A massive congrats to the following team members

| | |
|--|--|
| Female Water Sophia Brown, Brooke Derz, Ella Warner , Ashleigh Windsham, Elise Wallace, Ruby Lovell Dom Melbourn, Olivia Clues R&R as above | Male Water Zach Wasley, Braith Howieson, Luke Egan Luke Chaffer, Jacob Crews, Braden Crichton-Brown, Dylan King, Sam Higgs |
|--|--|

Australian Masters Championships – Maroochydore Qld

A little wave, and fantastic sunshine greeted a small Masters team at the Aussies. Mario, Andrew, DJ, Mick Crews and myself flew the flag for NCC had fun, tore a few muscles we didn't know we had and achieved some good results as well, with highlights being..... (Mick Crews in the sprint...nah we wont mention that)

| | |
|---|--|
| Andrew Stuart Silver - 55-59 Male 2km beach run | Glenn Slater / Mario Vesely Bronze - 50-54 Male Double Ski |
|---|--|

Australian Open's Championships – Maroochydore Qld

Lake-like conditions met our U17 to Open Competitors from Tuesday to the Saturday. It could not have been any smaller, with the highlights being -

| | |
|---|---|
| Annaliese Melbourn 5th - U19 Female Belt final | Rebecca Harvey 6th - U19 Female Ski Relay final 10th - U19 Female Single Ski final 10th - U19 Female Double Ski final |
| Hanneke Wegenaar 5th - U17 Female 2km Beach Run final 6th - U17 Female 2 x 1km beach relay final | Maya Morris 6th - U17 Female 2 x 1km beach relay final U19 Female Double Ski Semi Final |
| Amelia Wegenaar 6th - U19 Female Ski Relay final 10th - U19 Female Double Ski final | Maddy Wallace 6th - U19 Female Ski Relay final U19 Female Board Semi Final U19 Female Double Ski Semi Final |
| Abigail Milner U19 Female Double Ski Semi Final | Gabby Bradley U19 Female Double Ski Semi Final U17 Female Board Rescue Semi Final |
| Tara Harvey U17 Female Board Rescue Semi Final | |

MJ paddled very well all weekend with perhaps his best paddle being with Maya in the Open Mixed Double ski. His Open Double ski cameo with Ross was also a strong paddle. Special shout out and thanks to MJ for getting the majority of our skis scrutinised.

Unfortunately the lake conditions weren't kind to our U23 female and Open men's Boat crews who both bowed out after round robin stage.....no doubt we all need some surf for next year, that is, according to our Sweeps - Shaun and David.

SURF SPORTS

THANK YOU!

It takes a real team and whole of club effort to enable our Surf Sports team to compete in both Juniors and Seniors so a big “thank you” to the following:

- NCC SLSC Board of Directors
- John Vickery, Madeline Keene and all the NCC Nippers Committee & everyone associated with running Sunday Nippers, as this is where Surf Sports begins and without the selfless effort of everyone on Sundays we wouldn't be where we are today
- The parents and grandparents of all our competitors
- Helen Crews for managing and loading all of our carnival entries and Cynthia Alley, Helen's assistant
- Justine Hayward-Smith for coordinating Blacksmiths State accommodation
- Julian Milligan, our Nippers photographer
- **Our fantastic coaches** - Michael Clues, Ross Chaffer, Andrew Dennehy, Sophie McGovern, Mike Girven Lowe, Jason Elboz, Sean Davis, Sigi Hill, Andrew Stuart, Tony Williams, Rhonda Lycett and Justine Hayward-Smith
- **Boat Sweeps** - Shaun Stacey, David Wymer, and Scott Macqueen
- **Our Senior Officials** - Louis Tassone, Tony Tier and Judy Tier, Mick Wasley, Jim Gagen, Clare Hagon, Julia Harvey, Sue Milner, Andrew Stuart, Ed Warner
- **Our IRB Water Safety teams** - Max Puddicombe, Dale Finch, Will Te Pania, Kurt Wegenaar, Steve Atkins, David Jones, Dylan Passarinho, Michael Jones and Mick Wasley
- **Our Tent team** - Clay Melbourn, Scott Bradley, Jamie Morris and Andrew Stuart

FINANCE

Simon Prowse
Director of Finance

“The financial results
for the year were
solid”

Members, in presenting this year’s annual financial report, I am fortunate to be part of a club that has demonstrated resilience, passion and drive in yet another challenging season.

This year’s exceptional financial performance is the result of the work of so many volunteers, members, donors and sponsors that have combined to ensure the Club continues its role in providing safety and community to all who visit North Curl Curl beach.

This financial year (1 May 2020 to 30 April 2021) has seen the Club produce a net profit of \$73,054 and an increase its cash reserves from \$208,658 at 30 April 2020 to \$352,065 at 30 April 2021. A hugely positive result and evidence that the Club is performing incredibly despite the challenges brought about by the pandemic.

As expected, the lockdowns caused by the continuous impact of Covid-19 on our community and wider society as a whole has forced significant disruptions to some of the Club’s key profit centres. This includes impacts on the bar and hall hire as well as clothing sales and the golf day, but perhaps the most disappointing of all was the cancellation of this season’s 3 Point Challenge.

Despite these disruptions to both the current operations and planning of future events, gross sales of \$34,540 in Clothing, \$70,546 for the Bar and \$10,102 for Hall Hire were still achieved. The standout of the season however was Saul Brown and his marketing team whom managed to secure close to \$40,000 in additional sponsorship and marketing funds. This income being the main contributor to the best profit the Club has seen in a number of years.

The overall position and results for the Club however speaks to the great work of all the dedicated volunteer works of the members, the portfolio leaders. A particular mention here of Chris Sparkes who has demonstrated ingenuity and dedication over this season being able to maintain social and bar revenues despite forced closures on key dates.

In addition to his work for the bar, Chris Sparkes and David Quinn also managed, with great success, the organisation and rescheduling of our clubs annual golf day which posted a net profit of \$29,539. This was a great event with the opportunity for our club members to connect and socialise after a challenging season and I thank both Dave and Chris for the great lengths they went to in making it all happen.

I would also like to take this opportunity to highlight the strong continued growth of our member’s subscriptions and surf sports income.

Our registrar, Julie Tassone, along with the rest of the team has done an enormous job in attracting new members as well as maintaining our current ones for the 2020-2021 season. This has resulted in our strongest ever membership income performance of \$113,451, continuing the stable upward trend from \$106,665 last year.

Glenn Slater and the rest of the coaches, water safety and volunteers such as Andrew Stuart have once again seen the Club’s Surf Sports activities be a key contributor to the Club’s member base, which resulted in \$6,909 in equipment hire income and \$18,116 in carnival and competition income. Despite the disrupted competition season, this is up from the previous season’s figures of \$3068 and \$13,700 respectively.

FINANCE

This season though, it is the generosity of our donors and sponsors along with the exceptional work of Saul Brown that has seen the most significant increase in income for our club. It is my great pleasure to report that this season has seen an increase of 76% in donations and sponsorships from \$49,030 in 2020 to \$86,121 this year. On behalf of Saul Brown, the rest of the Board and the Club community as a whole I would like to extend a sincere thankyou to our benefactors including:

- John Huston
- David Jones
- Clay Melbourn
- Maus Business Systems
- Curl Curl Plumbing
- Vivid Property
- True Protein
- Freshwater Community – Bendigo Bank
- Speed Gas
- Navwealth Financial Group
- Clarke & Humel
- Build Zone Constructions
- Harbord Financial Services Limited
- Built Pty Ltd

I do apologise if I have overlooked anyone for a special mention as it is happily an extensive list.

On behalf of all members, I would like to thank everyone who contributed to this year's strong performance, none of us take lightly the magnitude of your support.

Finally, as another year finishes, I would like to once again personally thank my fellow Board Members and my subcommittee, Colin Wilson, for all their efforts, support and tireless work during yet another extremely challenging year.

| Movement in Cash | 143,406 | (8,078) |

Notes to the Financial Statements

North Curl Curl Surf Life Saving Club For the year ended 30 April 2021

Summary of Significant Accounting Policies

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 2009 (NSW), the Charitable Fundraising Act 1991 (NSW) and the Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the club's constitution. The committee has determined that the association is not a reporting entity.

The financial statements have been prepared in accordance with the requirements of the above acts and regulations, the club's constitution and the following Australian Accounting Standards:

AASB 101 Presentation of Financial Statements

AASB 107 Statements of Cash Flows

AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors

AASB 1031 Materiality

AASB 1048 Interpretation of Accounting Standards

AASB 1054 Australian Additional Disclosures

No other Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets. The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

Income Tax

No provision for income tax has been raised as the Association is exempt from income tax under Div 50 of the Income Tax Assessment Act 1997.

Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

In the event the carrying value of plant and equipment is greater than the estimated recoverable amount, the carrying value is written down immediately to the estimated recoverable amount. A formal assessment of recoverable amount is made when impairment indicators are present.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

These notes should be read in conjunction with the attached compilation report.

Depreciation

The depreciation method and useful life used for items of property, plant and equipment (excluding freehold land) reflects the pattern in which their future economic benefits are expected to be consumed by the association. Depreciation commences from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. The depreciation method and useful life of assets is reviewed annually to ensure they are still appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Cash and Cash Equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Bank overdrafts are presented within current liabilities on the statement of financial position.

Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Revenue and Other Income

These notes should be read in conjunction with the attached compilation report.

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

Leases

Leases of PPE, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership) are transferred to the association, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for that period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Financial Instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost

These notes should be read in conjunction with the attached compilation report.

- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entities business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

Subsequent measurement financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these remeasured at amortised cost using the effective interest method. Discounting is omitted where the effect if discounting is immaterial. The Association's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as long-term deposit that were previously classified as held-to-maturity under AASB 139.

Financial assets at fair value through profit or loss (FVPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply (see below).

Equity instruments at fair value through other comprehensive income (Equity FVOCI)

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at FVOCI. Under Equity FVOCI, subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividend from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital.

Impairment of Financial assets

AASB 9's impairment requirements use more forward looking information to recognize expected credit losses - the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Association considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

These notes should be read in conjunction with the attached compilation report.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Trade and other receivables

The Association makes use of a simplified approach in accounting for trade and other receivables and records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the Association uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

Classification and measurement of financial liabilities

As the accounting for financial liabilities remains largely unchanged from AASB 139, the Association's financial liabilities were not impacted by the adoption of AASB 9. However, for completeness, the accounting policy is disclosed below.

The Association's financial liabilities include borrowings and trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Association designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

These notes should be read in conjunction with the attached compilation report.

1. Related Party Transactions

Interest in Contracts

During the year the association entered into a contract with Navwealth Accounting Pty Ltd to provide accounting and taxation services to the association. Simon Prowse, who is a committee member of the association, is also the managing director of Navwealth Accounting Pty Ltd. During the year \$Nil was paid to Navwealth Accounting Pty Ltd for its service.

2. Subsequent Events

The World Health Organisation (WHO) declared the COVID-19 virus a global Health emergency on 30 January 2020. Global trade and markets have been significantly disrupted, and many businesses have had to, or will have to, limit or suspend their operations.

All global share markets have suffered significant falls since 30 January 2020. The committee have assessed the impact of the pandemic on the Financial Statements of the Association. There is no effect of the pandemic on the asset values as at 30 April 2020.

These notes should be read in conjunction with the attached compilation report.

Declaration By Members of the Committee

North Curl Curl Surf Life Saving Club For the year ended 30 April 2021

Annual Statements Give True and Fair View of Financial Position and Performance of the Association

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee:

1. The financial report which comprises of the statement of financial position as at 30 April 2021, and the statement of profit and loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, a summary of significant accounting policies and other explanatory notes is in accordance with the Australian Charities and Not-for-profits Commission Act 2012 (Cth) and

a) complies with Australian Accounting Standards as set out in Note 1; and

b) gives a true and fair view of the financial position of North Curl Curl Surf Life Saving Club as at 30 April 2020 and its performance for the year end on that date

2. The accompanying statement of comprehensive income is drawn up so as to give a true and fair view of the profit (or loss) of the association including fundraising appeals for the last financial year;

3. The statement of financial position is drawn up so as to give a true and fair view of the state of affairs of the association including fundraising appeals as at the end of the financial year;

4. The provisions of the Charitable Fundraising Act 1991 (NSW), the regulations under the act, and the conditions attached to the fundraising authority have been complied with by the association;

5. The internal controls exercised by the association are appropriate and effective in accounting for all income received and applied by the organization from any of its fundraising appeal;

6. At the date of this statement, there are reasonable grounds to believe that North Curl Curl SLSC will be able to pay its debts as and when they fall due;

7. The accounts and associated records have been properly kept during the year;

8. Money received as a result of fundraising appeals conducted during the year has been properly accounted for, and;

9. The principal activities of the association during the financial year were the provision of lifesaving services and no significant change to these activities has occurred.

The accounts of the Association have been made out in accordance with applicable Accounting Standards, other mandatory professional reporting requirements, the provisions of the Associations Incorporation Act 2009 (NSW), Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the Charitable Fundraising Act 1991 (NSW).

This statement is made in accordance with a resolution of the Committee and is signed for and on behalf of the Committee by:

President:

Dave Wymer

Compilation Report

North Curl Curl Surf Life Saving Club For the year ended 30 April 2021

Compilation report to North Curl Curl SLSC.

We have compiled the accompanying special purpose financial statements of North Curl Curl SLSC, which comprise the statement of financial position as at 30 April 2021, statement of profit and loss and other comprehensive income, the statement of changes in equity, the statement of cash flows, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

The Responsibility of the Committee Member's

The committee of North Curl Curl SLSC is solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet its needs and for the purpose that financial statements were prepared.

Our Responsibility

On the basis of information provided by the Committee we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

Independent Auditor's Report

For the year ended 30 April 2021

Qualified Opinion

I have audited the accompanying financial report, being a special purpose financial report of North Curl Curl Surf Life Saving Club Inc (the Association), which comprises the Statement of financial position as at 30 April 2021, the statement of profit and loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the committee's declaration.

In my opinion, except for the effects of the matter described in the Basis of Qualified Opinion section of my report, the financial report of the Association as at 30 April 2021 presents fairly in all material aspects the financial position of the Association and its financial performance for the year then ended in accordance with the basis of accounting described in Note 1 to the financial report and satisfies the requirements of the Australia Charities and Not-for-Profits Act 2012 (Cth), the Charitable Fundraising Act 1991 (NSW), the Associations Incorporation Act 2009 (NSW), and the club's constitution including:

- a) giving a fair and true view of the Association's financial position as at 30 April 2021 and of its financial performance for the year ended; and
- b) complying with Australian Accounting Standards to the extent described in Note 1, and Division 60 of the Australian Charities and Not-for-Profits Commission Regulation 2013.

Basis of Qualified Opinion

It is not practical for Curl Curl Surf Life Saving Club Inc to maintain an effective system of internal control over donations and fund-raising activities until their entry in the accounting records. Accordingly, my audit in relation to donations and fund raising was limited to amounts recorded.

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of my report. I am independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter – Basis of Accounting

I draw attention to Note 1, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Association's financial reporting responsibilities under the Australian Charities and Not-for-Profits Act 2012 (Cth), the charitable Fundraising Act 1991 (NSW), the Associates Incorporation Act 2009 (NSW) and the Club's constitution. As a result, the financial report may not be suitable for another purpose. My opinion is not modified in respect of this matter

Responsibility of the Committee's for the Financial Report

The committee of the Association is responsible for the preparation of the financial report that gives a true and fair view and has determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Australian Charities and Not-for-Profits Commission Act 2012 (Cth), the Associations Incorporation Act 2009 (NSW), Charitable Fundraising Act 1991 (NSW) and the needs of members. The responsible entities' responsibility also includes such internal control as the responsible entities determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentation or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that I identify during my audit.
